

## FROM THE PRINCIPAL

Dear Parents and Community Members,

In order to provide higher standards, better assessments and learners with the tools to be prepared for life after high school, the Oregon Board of Education has implemented college and career readiness standards known as the Common Core. In the 2014-15 school year a new assessment was used to test learners on the Common Core Standards. The results of the new assessment will set a baseline in our continued efforts to meet the needs of our learners. These new scores are provided to you in the attached school and district report cards. Although we cannot compare the new scores with previous assessment results, we will use this data to help drive our focus and support for all learners' needs. As we transition into these

new standards and assessments we ask our key stakeholder to be patient and helps us as we work toward higher expectations.

I personally want you to know the Madras Primary School has a dedicated staff that works hard on what our students know and can do - and where they need the most help - so we can raise the bar for all learners.

Thank you,

Principal | Deborah Hunt

## STUDENTS

## OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

**The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.**

### SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments?  Yes  No, Interpret Results with Caution  
*Participation rate criteria are in place to ensure schools test all eligible students.*

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
