Summary and History: The Jefferson Scholarship Program began in the 1970s by a group of local community members. The intention of this group was, and remains, to provide financial assistance to graduates of our local high schools and returning college students that reside in Jefferson County as they pursue their post-secondary aspirations. Over the years several individuals, families, and community organizations have trusted their vision and dollars to this group to award and distribute funds to recipients. This form serves as one application to be eligible for the 35+ various scholarships that make up the Jefferson Scholarship Program.

Eligible Applicants: Graduates of Madras High School, Bridges High School, and Culver High School may apply their senior year and must meet graduation requirements to be a recipient. Older college students (graduated from high school in previous years or returning to college) must be a resident of Jefferson County and use application for older college students.

Required Attachments: To be considered for any of the Jefferson Scholarship funds, applicants are required to include an official high school transcript (that includes at least through the first term of the senior year) or copy of GED and complete all three personal statements listed in this application.

Deadline: Completed applications for current high school seniors attending accredited post-secondary institutions are due on or before April 15 by the end of the school day. If April 15 falls on a weekend, the deadline becomes the next school day following April 15 by the end of that school day.

Completed applications may be turned in to respective school locations:

Bridges High School - School Counselor
Culver High School - Counseling Office
Madras High School - Counseling Secretary/Registrar in Student Services
