MILITARY CHILD OR VOLUNTARILY PLACED AND RESIDENT DISTRICT

Summary

Senate Bill 802 (2019) permits school residency to nonresident military children in cases of official military transfers prior to the family moving into the district. This applies to military families covered by the Interstate Compact on Educational Opportunity for Military Children. Parents are required to provide proof of residency within 10 days after the date of military transfer indicated on the official military order. Students are not required to comply with compulsory attendance requirements until 10 days after the date of the transfer.

Senate Bill (SB) 905 (2019) clarifies and aligns with the Every Student Succeeds Act to say that the care for a student whose parent or guardian has voluntarily placed the student outside the student’s home with a public or private agency and for whom the student’s parent or guardian retains legal guardianship, does not meet the definition of “foster care”. It establishes general rule that the student, whose parent or guardian voluntarily places the student in substitute care while retaining legal guardianship, is a resident of the district where the substitute care program is located. It also provides, under special circumstances outlined in SB 905, exceptions to allow the student (voluntarily placed by the parent or guardian) to attend school in the district where the parents or guardian resides.

Both bills are effective now.

House Bill 2341 (2019) makes it an unlawful employment practice for an employer to deny employment opportunities, fail to make reasonable accommodations, or take certain actions because of known limitations of an employee or applicant’s pregnancy, childbirth, or related medical condition. The bill provides exemptions for a reasonable accommodation that requires significant difficulty or expense that imposes an undue hardship on district operations. It exempts districts with fewer than six employees.

Additionally, Senate Bill 479 (2019) made ORS 659A.082 part of the definition of workplace harassment involving discrimination of an employee’s service in a uniformed service.

DRUG AND ALCOHOL TESTING AND RECORD QUERY – TRANSPORTATION PERSONNEL

Summary

The federal Department of Transportation (DOT) adopted rules in 2016 called the “Commercial Driver’s License Drug and Alcohol Clearinghouse”. The rules required implementation of a clearinghouse to support collection and maintenance of records on drivers made subject to testing by the Omnibus Transportation Employee Testing Act (OTETA). The Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Clearinghouse has implemented its mandatory use effective January 6, 2020. The rules require districts that employ drivers subject to testing to also conduct pre-employment queries through the Federal Motor Carrier Safety Administration (FMCSA) query program. The new program also requires the district to report testing data on employees subject to other testing required by law, e.g., post-accident, random, reasonable suspicion, etc.

SUSPECTED SEXUAL CONDUCT AND SUSPECTED CHILD ABUSE

Summary

Senate Bill (SB) 155 (2019) amended statute on reporting suspected sexual conduct and suspected child abuse. The following is a brief summary of some changes to law; access the bill in its entirety and the new model sample policies and administrative regulations for additional information.

SB 155 assigned investigative responsibilities to ODE for non-licensed employees for reports of suspected sexual conduct and investigative responsibilities to TSPC for employees licensed through TSPC. The SB redefines sexual conduct, adds a definition for student in relation to sexual conduct, amends reporting requirements, makes volunteers subject to law, and maintains applicability to contractors and agents.

The SB adds applicability of the law on suspected child abuse to contractors, agents and volunteers to protect students.

The SB requires districts to designate a licensed administrator and alternate licensed administrator for each school building assigned to receive reports of suspected abuse or suspected sexual conduct, and their contact information and other required information found in the amended policies and administrative regulations. In cases of suspected abuse, the district must also post contact information for the local Department of Human Services office and other required information noted in the amended policies and administrative regulations.
There are new reporting requirements for the designated administrators to TSPC or ODE when they receive a report of suspected sexual conduct.

Nothing in the bill prevents a district from conducting their own investigation and acting on information gained from the investigation prior to completion of an investigation and determination from another agency. Refer to the model sample policies and administrative regulations for additional information.

The model sample policies and their administrative regulations have had extensive rewriting and therefore are presented in clean form in this Policy Update. The deleting/rescinding of previous versions and adoption of new versions is recommended.

The code for JHFF - Reporting Requirements of Suspected Sexual Conduct was modified to add a second code to implement a place in section G - Personnel of the board policy manual, e.g., JHFF/GBNAA. Additionally, a new administrative regulation has been created and is presented as JHFF/GBNAA-AR, and includes the additional reporting requirements and procedures the administrators will follow when a report of suspected sexual conduct is received. The alternate form of this policy and AR, e.g., GBNAA/JHFF and GBNAA/JHFF-AR are included just not listed.

Consider rescinding previous versions of the corresponding policies and administrative regulations in the board’s policy manual and adopt the new versions presented herein. Administrative regulation JHFE-AR(1) is designated to be board adopted; the administrative regulation JHFF/GBNAA-AR is noted with needing board review.

If the board has a policy, GBNAA/JFCFA - Cyberbullying, in their manual, it is recommended for deletion; cyberbullying content is found in recent versions of JFCF and GBNA and therefore a policy with code GBNAA/JFCFA would not be needed (prior to deleting verify the board has a recent version of GBNA and JFCF that includes cyberbullying language).

**COMPLAINT PROCEDURES**
Summary

Adoption of new and revised complaint and appeal Oregon Administrative Rules (OAR) by the State Board of Education in March 2019 affected several policies and administrative regulations – most changes were released in July. OSBA has been collaborating with the Oregon Department of Education (ODE) to establish how the new rules affect public charter schools. Through statute, school districts that sponsor a public charter school have jurisdiction over the public charter school for certain complaints. OSBA and ODE recommends a discussion with the public charter school and their sponsoring district to establish delegation of final decision making for complaints involving restraint or seclusion, discrimination, retaliation, or applicable Division 22 Standards, for which the school’s sponsor has jurisdiction. Acknowledgement of whether a complainant may appeal to the board of the public charter school’s sponsor is recommended through a resolution by the sponsoring board, adoption of policy language, or by a provision in the charter agreement. Policy language is included to help the sponsoring school board decide if they will uphold the decision of the charter board, or hear the appeal from the complainant.

The OARs 581-002-0003 - 581-002-0005 describe the complaints that may be appealed to ODE, and only complaints that have already reached a final decision by the school’s sponsor for which the sponsor has jurisdiction pursuant to law.

Questions may be directed to OSBA and/or ODE.

The district will register as a user of such with ODA.

Publicly supported kindergarten through grade 12 school programs and publicly-supported entities that support K-12 schools or after school K-12 programs are exempt from the requirement to pay the ODA registration fee.

[The district recognizes the academic value of student operation of a UAS as one component of curricula pertaining to principles of flight, aerodynamics, and airplane design and construction, which can also serve as an academic tool in other areas such as television, film production, or the arts in general.]

Therefore, in compliance with the Federal Aviation Administration Modernization and Reform Act of 2012, Section 336, students may operate a UAS as part of a course requirement, as long as that student does not receive compensation directly or incidentally from such operation. District staff teaching a class that allows use of a UAS may provide limited assistance to a student operating a UAS, provided the student maintains operational control of the model aircraft such that the staff member’s manipulation of the model aircraft’s controls is incidental and secondary to the student’s. The staff member’s de minimis participation must be limited to the student’s operation of the UAS as part of the course.

Prior to operating a UAS, the district will review all airspace, certification, registration, and other requirements. When operating in the National Airspace System (NAS), the supervisor (instructor/teacher) of the educational UAS shall hold a current pilot certification described in 14 C.F.R. Part 107 or have a Certificate of Authorization as described in 49 U.S.C. § 44801, so any student(s) can fly under their direct supervision, and to be in compliance with current FAA regulations. District staff will not operate more than one UAS at the same time.

District employees shall work with administrators to ensure that proper insurance, registration with both FAA and ODA, reporting to ODA FAA, and authorization from district administration are in place prior to adoption of curriculum that allows operation of a UAS as a part of the district’s curriculum.

A UAS shall be operated in accordance with the policies of the Oregon School Activities Association (OSAA)\(^2\) at OSAA-sanctioned events.

A student in violation of this policy may be subject to disciplinary action, up to and including suspension and/or expulsion.

A staff member in violation of this policy may be subject to disciplinary action, up to and including dismissal.

All data gathered by the district as part of a UAS operation will belong to the district. The data gathering by the district will follow appropriate state and federal laws. Retention of such data will follow state and federal laws.

The superintendent shall develop procedures\(^3\) for the implementation of this policy. The district shall post a copy of this policy, associated procedures, and a copy of Oregon Revised Statute (ORS) 192.345 on the district’s website.

The district will report accidents involving a UAS to FAA no later than 10 calendar days after the accident when it involves:

1. Serious injury to any person or any loss of consciousness; or
2. Damage to any property, other than the small UAS, unless the cost of repair (including materials and labor) does not exceed $500, or the fair market value of the property does not exceed $500 in the event of total loss.

[Third Party Use]

Third party use of a UAS on district property or at district-sponsored events or activities on district property for any purpose is prohibited, unless granted permission from the [superintendent or designee].

If permission is granted by the [superintendent or designee], the third party operating a UAS will comply with all FAA and ODA registration and use regulations and shall provide the following to the district:

1. Proof of insurance that meets the liability limits established by the district;
2. Appropriate\(^4\) proof of UAS registration and authorization (including a certificate identified in 14 C.F.R. Part 107 or a Certificate of Authorization described in 49 U.S.C. § 44801) issued by the FAA and proof of user registration with ODA when required; and

4 A public body, as defined in ORS 174.109, operating an unmanned aircraft system must register as a user with ODA. (ORS 837.360)

Workplace Harassment *

Workplace harassment is prohibited and shall not be tolerated. This includes workplace harassment that occurs between district employees or between a district employee and the district in the workplace or at a work-related event that is off district premises and coordinated by or through the district, or between a district and a district employee off district premises. Elected school board members, volunteers and interns are subject to this policy.

Any district employee who believes they have been a victim of workplace harassment may file a report with the district employee designated in the administrative regulation GBEA-AR - Workplace Harassment Reporting and Procedure, may file a report through the Bureau of Labor and Industries’ (BOLI) complaint resolution process or under any other available law. The district, upon receipt of a report from a district employee who believes they are a victim of workplace harassment, shall provide information about legal resources and counseling and support services, including any available employee assistance services. The district employee receiving the report, whether a supervisor of the employer or the district employee designated to receive reports, is advised to document any incidents of workplace harassment, and shall provide a copy of this policy and accompanying administrative regulation to the victim upon their disclosure about alleged workplace harassment.

All incidents of behavior that may violate this policy shall be promptly investigated.

Any person who reports workplace harassment has the right to be protected from retaliation.

The district may not require or coerce a district employee to enter into a nondisclosure² or no disparagement³ agreement.

¹ “Sexual assault” means unwanted conduct of a sexual nature that is inflicted upon a person or compelled through the use of physical force, manipulation, threat or intimidation.

² A “nondisclosure” agreement or provision prevents either party from disclosing the contents of or circumstances surrounding the agreement.

³ A “nondisparagement” agreement or provision prevents either party from making disparaging statements about the other party.

The district may enter into a settlement agreement, separation or severance agreement that includes one or more of the following provisions only when a district employee claiming to be aggrieved by workplace harassment requests to enter into the agreement: 1) a nondisclosure or no disparagement provision; 2) a provision that prevents disclosure of factual information relating to the claim of workplace harassment; or 3) a no-rehire provision that prohibits the employee from seeking reemployment with the district as a term or condition of the agreement. The agreement must provide the district employee at least seven days after signing the agreement to revoke it.

If the district determines in good faith that an employee has engaged in workplace harassment, the district may enter into a settlement, separation or severance agreement that includes one or more of the provisions described in the previous paragraph.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop workplace harassment, prevent its recurrence and address negative consequences. Staff members in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional workplace harassment awareness training, as appropriate. Other individuals (e.g., board members, witnesses, and volunteers) whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or the Board.

The district shall make this policy available to all district employees and shall be made a part of district orientation materials provided and copied to new district employees at the time of hire.

The superintendent will establish a process of reporting incidents of workplace harassment and the prompt investigation.

The following procedures shall govern the district’s drug use and alcohol misuse prevention program:

1. Program Coordinator

The [superintendent or designee] will be designated as the district’s drug use and alcohol misuse prevention program coordinator. The [superintendent or designee] will coordinate the district’s responsibilities and compliance efforts with the applicable provisions of the Omnibus Transportation Employee Testing Act of 1991 (OTETA). The [superintendent or designee] will:

a. Ensure that all covered employees receive written materials explaining the district’s drug use and alcohol misuse prevention program requirements including:

   (2) A contact person knowledgeable about the materials, policy, administrative regulations and the OTETA;
   (3) Categories of employees covered;
   (4) Information about the safety-sensitive functions and what period of the workday the employee is required to be in compliance. Safety-sensitive functions shall include such responsibilities as all on-duty time waiting to be dispatched, driving time, assisting or supervising loading or unloading, repairing, obtaining assistance or remaining in attendance upon a disabled vehicle. All time spent providing drug and alcohol samples, including travel time to and from the collection or testing site as needed to comply with random, reasonable suspicion, post-accident, return-to-duty or follow-up testing, will also be considered as on-duty time;

Such information will include the consequences for covered employees found to have a breath alcohol concentration rate of 0.02 or greater, but less than 0.04, and for those employees found to have a breath alcohol content level greater than 0.04. Minimally, no driver tested and found to have a breath alcohol concentration rate of 0.02 or greater but less than 0.04 shall be permitted to perform or continue to perform safety-sensitive functions until the start of the driver’s next regularly scheduled duty period, but not less than 24 hours following administration of the test;
   (11) Information on the effects of drug use and alcohol misuse on an individual’s health, work and personal life; signs and symptoms of an alcohol or drug problem (driver’s or coworker’s); and available methods of intervening when such problems are suspected,

(f) A negative return-to-duty test; and
(g) An employer’s report of completion of follow-up testing.

b. Ensure that employees sign statements certifying that they have received the materials;
c. Ensure that administrators or their designee, designated to determine reasonable suspicion, receive at least 60 minutes of drug abuse training and an additional 60 minutes of alcohol misuse training. Training will include the physical, behavioral, speech and performance indicators of probable drug use and alcohol misuse;
d. Ensure district compliance with applicable provisions of the OTETA’s requirements regarding the district’s management information system, retention and confidentiality of records;
e. Ensure selection of a site with appropriately trained personnel for the collection of specimens for drug testing;
f. Ensure selection of a site with a certified breath alcohol technician and evidential breath testing devices for alcohol testing;
g. Ensure selection of a laboratory certified by the Department of Health and Human Services (DHHS) Oregon Health Authority, Public Health Division (“OHA”) to conduct drug specimen analysis;

l. Ensure employee organizations receive written notice of the availability of all pertinent drug use and alcohol misuse prevention program information;

m. [Ensure compliance with stand-down prohibitions as set forth by the OTETA. “Stand-down” means the practice of temporarily removing an employee from the performance of safety-sensitive functions, based on a report from a laboratory to the MRO of a confirmed positive test for a drug or drug metabolite, an adulterated test or a substituted test, before the MRO has completed verification of the test results. The district will not stand-down employees, except as provided by the Federal Motor Carrier Safety Administration (FMCSA) below:

(1) The district may seek a waiver of the prohibition against standing down an employee;
(2) Requests which include all required information will be submitted to FMCSA for approval.]

2. Pre-employment and Annual Queries from, and Required Reporting to FMCSA

The district is required to conduct a pre-employment query with FMCSA on drivers who are subject to controlled substance and alcohol testing regulation, and is required to report information obtained through its controlled substance and alcohol testing program to FMCSA. All offers of employment for positions identified by the district, as required by the OTETA, will be contingent upon the results of a pre-employment query.

a. The district will obtain written or electronic consent from a driver subject to controlled substances and alcohol testing to conduct a pre-employment query with FMCSA. The consent will include consent to obtain the following information:

(1) If the driver has a verified positive, adulterated, or substituted controlled substances test result;
(2) If the driver has an alcohol confirmation test with a concentration of 0.04 or higher;

\(^2\) This is optional language. Keep if the district desires to implement a stand-down policy pursuant to law.

\(^3\) Written consent from the driver is required. This may be a limited query when allowed. If the limited query indicates that the FMCSA contains information on the driver, the district will conduct a full query within 24 hours and must not allow driver to perform safety-sensitive functions.
b. The district will report\(^4\) to FMCSA the following personal information about a driver that is collected and maintained in connection with the district’s testing program:

(1) An alcohol confirmation test with an alcohol concentration of 0.04 or greater;

(3) A SAP’s report of the successful completion of the return-to-duty process;

(b) Positive; or
(c) Refusal to take a test.

(7) An employer’s report of a driver’s refusal to submit\(^5\) to alcohol or drug testing must include the following information:

(a) Documentation, including, but not limited to, electronic mail or other contemporaneous record of the time and date the driver was notified to appear at a testing site; and the time, date and testing site location at which the employee was directed to appear, or an affidavit providing evidence of such notification;
(b) Documentation, including, but not limited to, electronic mail or other correspondence, or an affidavit, indicating the date the employee was terminated or resigned (if applicable); and
(c) Documentation, including a certificate of service or other evidence, showing that the employer provided the employee with all documentation reported herein.

(8) An employer’s report of a violation of one of the following will occur by the close of the third business day following the date on which the employer obtains actual knowledge (as defined at 49 C.F.R. § 382.107):

3. Pre-employment Testing

The district shall conduct pre-employment testing as follows:

a. All offers of employment for positions as identified by Board policy and as required by the OTETA will be contingent upon drug [and alcohol] test results;
b. Individuals offered employment with the district and employees transferring to positions subject to the OTETA contingent on drug [and alcohol] testing, must provide written consent for the release of any prior employer positive drug and failed alcohol testing results, refusals to be tested, other violations of testing regulations and, with respect to any employee who violated drug and alcohol regulations, documentation of the employee’s successful completion of return-to-duty requirements (including SAP evaluations and follow-up tests) within the preceding two years;
c. The district shall obtain and review such drug and alcohol information from previous employers of the past two years [no later than 14 calendar days after] [before] the driver is used for the first time. The district will provide the driver’s written permission of the driver, for release of information, to the previous employers;
d. The district will maintain a written, confidential record of information obtained from another employer or the good faith efforts to obtain such information, and will maintain the same for three years from the date the driver’s service began.

e. Requests received by the district for release of such information may be by telephone, letters or any other method to another employer must include written consent from the subject driver. Records will be released immediately in any written form (e.g., fax, email, letter) that ensures confidentiality. The district will maintain a written, confidential record of each past employer contacted, record and summary of information released, the date, and to whom the information was released;
f. The district will not use or ask a driver with a, and will not use such driver, if they have a positive drug test or a failed alcohol test while employed with a previous employer or who refused to test while under employment with a previous employer in the past two years unless the driver is in compliance with the SAP’s treatment program and the OTETA’s return-to-duty test requirements;
g. Prior to being directed by the district to a collection site for drug [and alcohol] testing, the applicant will be notified that the urine sample collected shall be tested for the presence of drugs [and the breath or saliva sample shall be tested for the presence of alcohol];
h. Failure to report to the collection site for testing within the time frame specified by the district shall constitute a refusal to report for testing and result in immediate withdrawal of the employment or transfer offer;

i. Pre-employment drug [and alcohol] testing will be paid for by the [district] [employee];

j. Tests must indicate negative drug test results [and a breath alcohol content level below a 0.02]. Individuals who fail to meet such drug [and alcohol] requirements [will] [may] not be hired or transferred voluntarily or involuntarily to covered positions;

k. Such testing will also be required of covered employees each time an employee returns to work after a layoff period if the employee was removed from the random testing pool. As long as the employee remains in the random testing pool, additional testing or subsequent pre-employment drug [and alcohol] testing will not be necessary following a layoff;

l. The district will notify individuals offered employment with the district contingent on drug testing of the results of such testing upon request within 60 days of being notified of the disposition of the employment application;

m. Refusal to submit to drug [and alcohol] testing and/or to provide signed permission for the release of past testing information as required by the district shall result in immediate termination from employment or transfer consideration;

n. [The individual may request a screening of the split specimen at his/her/their own expense. All such requests must be received in writing by the district no later than 72 hours following notification to the applicant of the positive test results.]

4. Post-accident Testing

The district shall conduct post-accident testing as follows:

a. It is the responsibility of the employee to report for post-accident drug and alcohol testing as soon as practicable following a motor vehicle accident which occurs while the employee is performing district safety-sensitive functions in which there is a fatality or the employee receives a citation for a moving traffic violation in connection with an injury or tow-away accident:

(1) The employee will report to the designated collection site for post-accident drug and alcohol testing as soon as practicable following the occurrence of the accident;

(2) If alcohol testing has not been administered within two hours, the district will shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered;

(3) If alcohol testing is not administered within eight hours, the district will shall cease attempts to administer an alcohol test and will prepare shall state and maintain on file a record specifying why the test was not administered;

(4) If drug testing has not been administered within 32 hours following the accident, the district will cease attempts to administer such tests and will document why the test was not administered;

(5) The employee will contact the [district drug use and alcohol misuse prevention program coordinator] [district official] or designee as soon as practicable following the accident giving as much detailed information about the accident as possible (e.g., fatalities, injuries, tow-a-ways, traffic citation issued, etc.).

b. The district will provide employees with necessary post-accident testing information, procedures and instructions as a part of its employee training program. Additionally, written instructions to follow in the event of an accident will be provided in district vehicles as appropriate. Instructions will include locations of drug specimen collection and alcohol testing sites and telephone number of the district drug use and alcohol misuse prevention program coordinator or other district officials to contact;

c. The employee shall remain readily available for testing or may be deemed by the district to have refused to submit to testing. Such refusal is treated as if the district received an alcohol
test result of 0.04 or greater or received a positive drug test. Nothing in this requirement shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care;

d. Results of a breath or blood test for the use of alcohol or a urine test for the use of drugs conducted by on-site federal, state and/or local law enforcement officials having independent authority for the test shall be considered to meet necessary requirements provided results of the test are obtained by the district and the tests conform to all applicable federal, state and/or local requirements;

e. An employee who is involved in an accident involving a fatality, injury and/or tow-away as described by the OTETA is prohibited from using alcohol for eight hours after the accident or until the employee undergoes a post-accident alcohol test, whichever occurs first.

5. Random Testing

The district shall conduct random drug and alcohol testing annually as follows:

a. Not less than 25 percent of the average number of driver positions shall be tested for drugs and not less than 10 percent shall be tested for alcohol in accordance with current minimum random testing requirements of the OTETA. Any unfilled, covered positions will be included as part of the total number of positions counted by the district for testing rate purposes.

(1) The district will [meet] minimum testing rates.
(2) [In exceeding minimum testing rates, the district requires that [ ] percent of covered employees shall be randomly tested annually for drugs and [ ] percent shall be randomly tested annually for alcohol.]

b. The testing rate may be adjusted by FMCSA based on industrywide data;

c. The testing process shall, in fact, be random. Unless advised otherwise by their consortium, all employees will remain in the pool of drivers for each subsequent period, including vacations, holiday periods and summer recesses, whether or not they have been chosen for testing in the past;

d. The selection of employees for random testing shall be made by a scientifically valid method. The process selected by the district will ensure that all employees shall have an equal chance of being tested each time selections are made. The district will use the following system:

[ ][Computerized system][8]:

A random number generating program will be loaded into a computer along with the employees’ social security number, payroll identification number or other comparable identification number for the drivers.]

OR

[Manual system:

(1) Individual, identically sized slips of paper or cards with the names or identification numbers of the covered drivers will be used;
(2) Cards will be placed into a container from which the required number will be drawn;
(3) The individual selected by the district to do the drawing will be unbiased;
(4) All names in the pool will be checked prior to the drawing to assure any necessary
additions or deletions are made.]

e. All such testing shall be unannounced and dates selected spread reasonably throughout the
calendar year to avoid predictability and the perception that testing is “done for the year[.]”
[Districts with six or less covered employees may annually select a single calendar date for
random drug and alcohol testing9. The date selected will be kept confidential to ensure that
testing is unannounced as required by law.][;]
f. Following notification of testing, selected employees shall proceed to the district-selected
collection site immediately or as soon as practicable;
g. Each employee selected for testing shall be tested during the selection period;
h. Employees shall only be tested for alcohol just before the driver is scheduled to perform
his/her safety-sensitive functions, during or just after performing such functions;
i. Employees off work due to leave of absence, vacation and layoff will be informed that they
remain subject to random testing. Employees drawn for such testing will be notified and tested
as soon as practicable upon return to duty but no later than the next selection cycle (e.g.,
monthly, quarterly, etc.).

6. Reasonable Suspicion Testing

The district shall conduct reasonable suspicion drug and alcohol testing as follows:

a. The district will test covered employees when there is reasonable suspicion to believe that the
employee has engaged in drug use or alcohol misuse;
b. Reasonable suspicion will be based on specific contemporaneous, articulable observations
made by a trained supervisor as designated by the district, concerning appearance, behavior,
speech or body odors indicative of employee use of drugs or the misuse of alcohol.
Observations of drug use may include indications of chronic and withdrawal effects of drugs
and noticeable degradation of job performance that may be associated with the use of drugs;
c. Hearsay or secondhand information is not sufficient to require an employee to submit to
testing;
d. Alcohol testing may be authorized only if observations resulting in reasonable suspicion are
made during, just preceding or just after the period of the workday that the employee is
required to be in compliance with this policy, administrative regulations and applicable
OTETA provisions;
e. A written record shall be made of the observations leading to a reasonable suspicion drug test
and signed by the administrator or his/her designee authorized to make such observations
within 24 hours of the observed behavior or before the results of the drug test are released,
whichever is earlier;
f. The district will ensure that the employee under reasonable suspicion is transported to the
designated collection or testing site.

7. Referrals, Evaluation and Treatment

The district shall provide information related to referrals, evaluation and treatment as follows:

a. The district shall advise covered employees, who violate the drug and alcohol prohibitions, of
referral services available for evaluating and resolving problems associated with the use of
drugs and the misuse of alcohol. Such information will include the names, addresses and
telephone numbers of SAPs and counseling and treatment programs;
b. An employee who engages in such prohibited conduct shall be evaluated by a SAP;

9 The next “calendar year date” for random testing starts from the day after the random testing date.
c. The SAP will determine what assistance if any the employee needs in resolving problems associated with drug use and alcohol misuse;
d. This requirement applies only to current employees and not to job applicants who refuse testing or who test positive for drugs;
e. This requirement shall not be interpreted to require the district to provide or pay for any rehabilitation costs or to hold a job open for an employee with or without salary;
f. SAPs, as referred to in these administrative regulations, means:

1. Licensed physicians with knowledge of and clinical experience in the diagnosis and treatment of alcohol-related disorders;
2. Licensed or certified psychologists, social workers or employee assistance professionals with like knowledge; and
3. Alcohol and drug abuse counselors certified by the National Association of Alcoholism and Drug Abuse Counselors Association for Addiction Professionals (NAADAC). This does not include state-certified counselors.

8. Return-to-Duty Testing
Employees, if they continue employment and before they return to duty, shall comply with the following:

a. When an employee has previously tested greater than or equal to 0.04 for alcohol, the employee must retest (return-to-duty test) with an alcohol concentration of less than 0.02;
b. When an employee has previously tested positive for drug use, the employee must retest (return-to-duty test) with a verified negative test result.

9. Follow-up Testing
Employees, if they continue employment, shall comply with the following:

a. Follow-up testing will be conducted whenever a SAP determines that an employee is in need of resolving problems associated with drug use and/or alcohol misuse;
b. Follow-up alcohol testing will be conducted only when the employee is performing safety-sensitive functions, just before or just after the driver has performed safety-sensitive functions;
c. Follow-up drug and alcohol testing will be unannounced;
d. The number and frequency of such tests shall be determined by the SAP. Minimally, there shall be:

1. At least 6 unannounced tests in the first 12 months following the driver’s return to duty;
2. Testing shall not exceed 60 months from the date of the employee’s return to duty. The SAP, however, may terminate the follow-up testing at any time after the first six tests if he/she determines the testing is no longer needed.

10. Drug and Alcohol Testing Procedures
The district, in cooperation with contracted collection and testing facilities, shall maintain drug and alcohol testing procedures as follows:

a. Drugs

1. The applicant or employee reports to the district-designated collection site and provides positive identification (e.g., photo ID);

10 A follow-up test shall not also serve as a random test, and vice versa.
A urine sample for drug testing is provided. A “split specimen” (two urine specimen bottles) is prepared from the urine sample;

Following completion of a chain-of-custody form, both specimen bottles are forwarded to the DHHS OHA certified laboratory for analysis. The split specimen is stored at the laboratory for later testing as may be necessary. Initial testing is performed only on one specimen bottle;

Testing results are reported to the district-selected MRO by mail or electronic transmission. Results may not be given over the phone;

The MRO will verify both negative and positive testing results;

The MRO will report the verified negative testing results to the district;

The MRO will report verified positive testing results to the applicant or employee, discuss the type of illegal substance found and determine whether there is any valid medical reason for the positive testing results;

A verified valid medical reason for a positive test result will be reported as a negative test result to the district;

If no legitimate medical reason exists for positive drug testing, the MRO will report a confirmed positive test result and identity of the substance(s) to the district;

Unlike the original specimen analyzed for specific levels of controlled substances, the split specimen is analyzed only for the presence of drugs;

The MRO will report results of the second screening to the employee and the district;

The MRO will meet all the OTETA requirements including review of chain-of-custody control form, administrative processing of negative test results, verification of positive testing results, report to the FMCSA, and maintenance of confidentiality requirements as may be applicable;

Detailed drug testing procedures may be obtained by contacting the district’s drug use and alcohol misuse prevention coordinator or designee.

b. Alcohol

The employee reports to the district-designated testing site and provides positive identification;

Under the alcohol testing rule, an alcohol test result will be considered failing even if over-the-counter or legally prescribed medication is involved;

All alcohol screening tests will be conducted by a qualified breath alcohol technician using evidential breath testing devices; OR a qualified screening test technician using an alcohol screening device other than an evidential breath testing device;

Testing may be conducted at a DHHS OHA certified laboratory or other location including mobile facilities equipped for such testing as may meet the requirements of the OTETA;

District supervisors should generally not be used as a breath alcohol or screening test technician for covered employees. Under certain circumstances, a properly trained district supervisor may conduct such testing in the absence of another technician;

The employee submits to breath or saliva testing;

If the result of the testing indicates an alcohol concentration rate of 0.02 or greater, a confirmation breath test is administered after at least 15 minutes, but no longer than 30 minutes, after the initial testing. All confirmation tests will be conducted using evidential breath testing devices;

[11 The district should select one of the bracketed language options.]

Drug and Alcohol Testing and Record Query - Transportation Personnel * – GBEDA-AR 10-13
The technician will report any invalid tests, confirmed failing and passing results to the district;

Employee refusal to sign forms as required (i.e., Step 2 on the Alcohol Testing Form) shall be considered as refusal to be tested;

The breath alcohol or screening test technician will meet all OTETA requirements including such testing procedures, Alcohol Testing Form and confidentiality requirements as may be required;

Detailed alcohol testing procedures may be obtained by contacting the district’s drug use and alcohol misuse prevention program coordinator or designee.

11. Positive Test Result

When the MRO determines a positive test result is valid, the MRO will report the finding to the Oregon Department of Transportation (ODOT) and the Oregon Department of Education. The person who is the subject of the test results will be notified by ODOT that the person has a right to a hearing to determine whether the test results reported will be placed in the employee’s employment driving record.

12. Record Keeping/Record Reporting

The district shall maintain records of its drug use and alcohol misuse prevention program as follows:

a. Records related to the collection process:

   (1) Collection logbook, if used;

Reporting Requirements for Suspected Sexual Conduct with Students *

Sexual conduct by district employees, contractors¹, agents², and volunteers³ is not tolerated. All district employees, contractors, agents, and volunteers are subject to this policy.

“Sexual conduct,” means verbal or physical conduct or verbal, written or electronic communications by a school employee, a contractor, an agent or a volunteer that involve a student and that are sexual advances or requests for sexual favors directed toward the student, or of a sexual nature that are directed toward the student or that have the effect of unreasonably interfering with a student’s educational performance, or of creating an intimidating, hostile or offensive educational environment. “Sexual conduct” does not include touching that is necessitated by the nature of the school employee’s job duties or by the services required to be provided by the contractor, agent or volunteer, and for which there is no sexual intent.

“Student” means any person who is in any grade from prekindergarten through grade 12 or 21 years of age or younger and receiving educational or related services from the district that is not a post-secondary institution of education, or who was previously known as a student by the person engaging in sexual conduct and who left school or graduated from high school within 90 days prior to the sexual conduct.

Any district employee [⁴], contractor, agent or volunteer who has reasonable cause to believe that a student has been subjected to sexual conduct by another district employee, contractor, agent or volunteer, or that another district employee, contractor, agent or volunteer has engaged in sexual conduct with a student shall immediately report such suspected sexual conduct to the designated licensed administrator or the alternate designated licensed administrator for their school building. If the superintendent is the alleged perpetrator the report shall be submitted to the licensed administrator position title who shall report the suspected sexual conduct to the Board chair.

¹ “Contractor” means a person providing services to the district under a contract in a manner that requires the person to have direct, unsupervised contact with students.

² “Agent” means a person acting as an agent for the district in a manner that requires the person to have direct, unsupervised contact with students.

³ “Volunteer” means a person acting as a volunteer for the district in a manner that requires the person to have direct, unsupervised contact with students.

⁴ The following language in brackets, i.e., [contractor, agent or volunteer], is optional language for the district to consider including. If the language is kept, the district must make these groups aware of the policy and its administrative regulation and their responsibilities under both. This may also be included in contracts with agents and contractors and include reference to this policy.

⁵ Senate Bill 155 (2019) requires the district to designate a licensed administrator to receive reports of suspected sexual conduct, and designate an alternate licensed administrator for each school building.
[If an employee fails to report suspected sexual conduct or fails to maintain confidentiality of records, the employee will be disciplined up to and including dismissal.]

When the designated licensed administrator receives a report of suspected sexual conduct by a district employee, contractor, agent or volunteer, the administrator will follow procedures established by the district and set forth in the district’s administrative regulation JHFF/GBNAA-AR - Suspected Sexual Conduct Report Procedures and Form. All such reports will be reported to the Oregon Department of Education (ODE) or Teacher Standards and Practices Commission (TSPC) as appropriate, for investigation. The agency receiving a report will complete an investigation regardless of any changes in the relationship or duties of the person who is the alleged perpetrator.

When there is reasonable cause to support the report, a district employee suspected of sexual conduct shall be placed on paid administrative leave pending an investigation and the district will take necessary actions to ensure the student’s safety.

When there is reasonable cause to support the report, a district contractor, agent or volunteer suspected of sexual conduct shall be removed from providing services to the district and the district will take necessary actions to ensure the student’s safety.

The district will post in each school building the names and contact information of the employees[6] designated for the school building to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

The district will notify, as allowed by state and federal law, the person who was subjected to the suspected sexual conduct about any actions taken by the district as a result of the report.

A district employee, contractor or agent will not assist another district employee, contractor or agent in obtaining a new job if the individual knows, or has reasonable cause to believe the district employee, contractor or agent engaged in sexual conduct. Nothing in this policy prevents the district from disclosing information required by law or providing the routine transmission of administrative and personnel files pursuant to law.

The initiation of a report in good faith about suspected sexual conduct may not adversely affect any terms or conditions of employment or the work environment of the person who initiated the report or who may have been subject to sexual conduct. If a student initiates a report of suspected sexual conduct by a district employee, contractor, agent or volunteer in good faith, the student will not be disciplined by the district or any district employee, contractor, agent or volunteer.

The district will provide to employees at the time of hire, or to a contractor, agent or volunteer at the time of beginning service for the district, the following:

1. A description of conduct that may constitute sexual conduct;

[6 Senate Bill 155 (2019) requires the district to designate a licensed administrator and an alternate licensed administrator for each school building.]
2. A description of the investigatory process and possible consequences if a report of suspected sexual conduct is substantiated; and

3. A description of the prohibitions imposed on district employees, contractors and agents when they attempt to obtain a new job, pursuant to ORS 339.378(2).

All district employees are subject to Board policy GCAB - Personal Electronic Devices and Social Media - Staff regarding appropriate electronic communications with students.

Any electronic communications with students by a contractor, agent or volunteer for the district will be appropriate and only when directed by district administration. When communicating with students electronically regarding school-related matters, contractors, agents or volunteers shall use district e-mail using mailing lists and/or other internet messaging to a group of students rather than individual students or as directed by district administration. Texting or electronically communicating with a student through contact information gained as a contractor, agent or volunteer for the district is [prohibited].

The superintendent shall develop administrative regulations to implement this policy and to comply with state law.

Suspected Sexual Conduct Report Procedures and Form *

When the designee receives a report of suspected sexual conduct that may have been committed by a person licensed1 through Teacher Standards and Practices Commission (TSPC), the designee shall notify TSPC as soon as possible. When the designee receives a report of suspected sexual conduct that may have been committed by a person who is not licensed through TSPC, the designee shall notify the Oregon Department of Education (ODE) as soon as possible.

The district posts in each school building the names and contact information of the employees[2] in each school building designated to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

If the superintendent is the alleged perpetrator the report shall be submitted to the [licensed administrator position title] who shall refer the report to the Board chair.

When the designee receives a report of suspected sexual conduct by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave3 and take necessary actions to ensure the student’s safety. The employee shall remain on leave until TSPC or ODE determines that the report is substantiated and the district takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the district determines either: 1) an employment policy was violated and the district will take appropriate employment action against the employee; or 2) an employment policy has not be violated and an employment action against the employee is not required. The district will investigate all reports of suspected sexual conduct by persons who are licensed by the TSPC, unless otherwise requested by TSPC, and all reports of suspected sexual conduct by persons who are not licensed by TSPC, unless otherwise requested by ODE.

When the designee receives a report of suspected sexual conduct by a contractor[4], an agent or a volunteer, the district [may] [shall] prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support a report of suspected sexual conduct, the district shall prohibit the contractor, agent or volunteer from providing services. [The district may reinstate the contractor, agent or volunteer, and such reinstatement may not occur until such time as a report of suspected sexual conduct has been investigated and a determination has been made by TSPC or ODE that the report is unsubstantiated.]

---

1 “License” includes a license, registration or certificate issued by the Teacher Standards and Practices Commission.

2 Senate Bill 155 (2019) requires the district to designate a licensed administrator and an alternate licensed administrator for each school building.]

3 The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

4 The district is encouraged to duplicate this language in the contract. If the contract is with a company and the person assigned to do the work is the alleged perpetrator, the district shall notify the company and request another company employee be assigned to complete the work.
Upon request from ODE or TSPC the district will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

[An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.]

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend the investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

[A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.]

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. [The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement.] [The employee may appeal the employment action taken through an appeal process administered by a neutral third party.]

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the district shall create a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Training

The district shall provide training each school year to district employees on the following:

1. Prevention and identification of sexual conduct;

2. Obligations of district employees under ORS 339.388 and 419B.005 - 419B.050 and under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

The district shall make available each school year the training described above to contractors, agents, volunteers and to parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees.
The district shall provide to contractors, agents and volunteers each school year information on the following:

1. Prevention and identification of sexual conduct;

2. Obligations of district employees under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

License Requirements

The Board, in adhering to Oregon Revised Statutes (ORS), shall require all applicants selected for employment for positions that require licensing, to hold a valid Oregon license issued by the Teacher Standards and Practices Commission (TSPC) as a condition of employment. The district must be able to verify the current license of applicants offered employment before the Board will consider approving their employment.

[If an applicant’s teaching license application with the TSPC is pending, the applicant may teach for 90 calendar days after the date of submission of the application, if the applicant has:

2. Completed a background clearance conducted by the TSPC that includes having:
   a. Furnished fingerprints, if required;
   b. Provided satisfactory responses to character questions in the form and manner required by the TSPC; and
   c. Completed a criminal records check pursuant to state law and a background check through the interstate clearinghouse for revoked or suspended licenses, and is eligible for a teaching license.

3. Not been employed by the district under this 90 calendar day provision during the previous 12 months with a pending application for the same license.

The district will complete a review of the applicant’s employment history and verify through TSPC if there is an ongoing investigation or a substantiated report that may constitute sexual conduct as required by law prior to beginning employment.

The district will verify through TSPC the employee is properly licensed on the 91st calendar day after the application was submitted to the TSPC, if the employee’s license application is pending and the employee is teaching in the district.]

This 90-calendar day teaching option will only be applied to those positions of high need, specialty areas or emergency assignments as determined by the district.
The verification of licensure includes all license endorsements. It shall be each licensed staff member’s responsibility to keep all endorsements current [and to submit them to the [superintendent’s] office.

Personal Electronic Devices and Social Media - Staff**

Staff possession or use of personal electronic devices on district property, in district facilities during the work day and while the staff is on duty in attendance at district-sponsored activities may be permitted subject to the limitations set forth in this policy and consistent with any additional school rules as may be established by the superintendent or designee. At no time, whether on duty or off duty, will a personal electronic device be used in a manner that interferes with staff duty and responsibility for the supervision of students.

[A “personal electronic device” is a device not issued by the district and is capable of electronically communicating, sending, receiving, storing, recording, reproducing, and/or displaying information and data.]

Personal electronic devices shall be silenced during instructional time, while on duty or at any other time where such use of the device would cause a disruption of school activities or interfere with a work assignment. Devices, which have the capability to take photographs or record video or audio, shall not be used for such purposes while on district property or while a staff member is on duty at district-sponsored activities, unless as expressly authorized by the principal or designee for a use directly related to and consistent with the employee’s assigned duties. Computers, tablets, iPads or similar devices brought to school will be restricted to academic activities during on duty time.

The district will not be liable for loss or damage to personal electronic devices brought to district property and district-sponsored activities.

Staff members, while on duty and off duty, will utilize social media websites, public websites and blogs, judiciously by not posting confidential information about students, staff or district business. Staff may not post images of district facilities, staff, students, volunteers or parents without written authorization from persons with authority to grant such a release. Staff members, while on duty and off duty, will treat fellow employees, students and the public with respect while posting on social media websites, etc., in order to prevent substantial disruption in school.

Communication with students using personal electronic devices will be appropriate and professional. Communication with students using personal electronic devices regarding nonschool-related matters is prohibited during work hours and strongly discouraged at all other times. If communicating with students electronically regarding school-related matters, staff will use district e-mail using mailing lists and/or other internet messaging to a group of students rather than individual students. Texting a student during work hours is prohibited. Texting a student while off duty is strongly discouraged.

Exceptions to the prohibitions set forth in this policy may be made for health, safety or emergency reasons with superintendent or designee approval.

1 Nothing in this policy is intended in any form to limit the right of employees to engage in protected labor activities via the use of social media.
Staff are subject to disciplinary action up to and including dismissal for using a personal electronic device in any manner that is illegal or violates the terms of this policy. Staff actions on social media websites, public websites and blogs, while on or off duty, which disrupt the school community environment, are subject to disciplinary action up to and including dismissal. [A “disruption”\(^2\) for purposes of this policy includes, but is not limited to, one or more parent threatens to remove their children from a particular class or particular school, actual withdrawal of a student or students from a particular class or particular school and/or a threatened or actual negative impact on the learning environment.]

The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic or otherwise illegal images or photographs, will be reported to law enforcement and/or other appropriate state or federal agencies.

[Licensed staff are subject at all times to the Standards for Competent and Ethical Performance of Oregon Educators. (See Board policy GCAA)]

The superintendent shall ensure that this policy is available to all employees.

Volunteers

Community patrons who voluntarily contribute their time and talents to the improvement and enrichment of the public schools’ instructional and other programs are valuable assets. The Board encourages constructive participation of groups and individuals in the school to perform appropriate tasks during and after school hours under the direction and supervision of professional personnel.

Any person authorized by the district for volunteer service that allows direct, unsupervised contact with students shall be required to undergo a state and national criminal records check.

Any volunteer allowed to have direct, unsupervised contact with students, in a position identified by the district as requiring fingerprinting, shall be required to undergo a state and national criminal records check based on fingerprints. (See Board policy GCDA/GDDA - Criminal Records Checks and Fingerprinting and its accompanying administrative regulation.)

Texting or electronically communicating with a student through contact information gained as a volunteer for the district is prohibited.

Any person authorized by the district for volunteer service that will not likely have direct, unsupervised contact with students will not be required to undergo a criminal records check.

Any volunteer who knowingly makes a false statement, as determined by the district, on a district volunteer application form may be denied the ability to volunteer in the district.

Nonexempt employees1 may be permitted to volunteer to perform services for the district provided the volunteer activities do not involve the same or similar type of services2 as the employee’s regularly assigned duties. In the event a nonexempt employee volunteers to perform services for the district that are the same or similar as the employee’s regularly assigned duties, the Board recognizes that under the Fair Labor Standards Act (FLSA), overtime or compensatory time must be provided.3

The administration is responsible for the recruitment, use, coordination and training of volunteers. These assignments will be carried out as directed or delegated by the superintendent. Every effort should be made to use volunteer resources in a manner which will ensure maximum contributions to the welfare and educational growth of students.

1There are three types of FLSA exemptions: those for executive, administrative and professional employees. Generally, employees who are exempt under the executive, administrative or professional exceptions must primarily perform executive, administrative or professional duties at least 50 percent of the employee’s time.

2Instructional assistant duties are generally viewed to be the same type of service, supervising and instructing students, as coaching.

3Districts should review the use of non-exempt employees in extracurricular activity positions such as coaching, cheerleading advisors and other district-sponsored activities with legal counsel for FLSA district impact.
Principals shall retain the right to exercise their discretion in determining whether and who to use as volunteers at their school. Volunteer services may be terminated for the reasons listed on the following pages or for any other reason deemed appropriate by the principal.

2. Mechanical restraint.
3. Prone restraint.
4. Supine restraint.

6. Any restraint that places, or creates a risk of placing, pressure on a student’s mouth, neck or throat.
7. Any restraint that places, or creates a risk of placing, pressure on a student’s mouth, unless the restraint is necessary for the purpose of extracting a body part from a bite.

2. Less restrictive interventions would not be effective.

If restraint or seclusion is used on a student, by trained staff or other staff available in the case of an emergency when trained staff are not immediately available due to the unforeseeable nature of the emergency, e.g., teacher, administrator[, or volunteer], it will be used only for as long as the student’s behavior poses a reasonable risk of imminent and substantial physical or bodily injury to the student or others and less restrictive interventions would not be effective. Students will be continuously monitored by staff for the duration of the restraint or seclusion.

**Expulsion**

A principal, after reviewing available information, may recommend to the superintendent that a student be expelled. Expulsion of a student shall not extend beyond one calendar year.

A student may be expelled for any of the following circumstances:

1. When a student’s conduct poses a threat to the health or safety of students or employees;
2. When other strategies to change the student’s behavior have been ineffective, except that expulsion may not be used to address truancy; or
3. When required by law.

The use of expulsion for discipline of a student in fifth grade or lower is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator’s observations or upon a report from an employee, the student’s conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

The age of the student and the past pattern of behavior will be considered prior to imposing the expulsion.

No student may be expelled without a hearing unless the student’s parents, or the student if 18 years of age, waive the right to a hearing, either in writing or by failure to appear at a scheduled hearing. By waiving the right to a hearing, the student and parent agree to abide by the findings of a hearings officer.

When an expulsion hearing is not waived, the following procedure is required:

1. Notice will be given to the student and the parent by personal service\(^1\) or by certified mail\(^2\) at least [five] days prior to the scheduled hearing. Notice shall include:
   a. The specific charge or charges;
   b. The conduct constituting the alleged violation, including the nature of the evidence of the violation and reason for expulsion;
   c. A recommendation for expulsion;

\(^1\) The person serving the notice shall file a return of service. (OAR 581-021-0070)

\(^2\) When “certified mail is given to a parent of a suspended student, the notice shall be placed in the mail at least five days before the date of the hearing.” (OAR 581-021-0070)
d. The student’s right to a hearing;  
  e. When and where the hearing will take place; and  
  f. The right to representation.

2. The Board may expel, or may delegate the authority to decide on an expulsion to the superintendent or superintendent’s designee, who may also act as the hearings officer. The district may contract with an individual who is not employed by the district to serve as the hearings officer. The hearings officer designated by the Board will conduct the hearing and will not be associated with the initial actions of the building administrators;

3. Expulsion hearings will be conducted in private and will not be open to the general public unless the student or the student’s parents request an open session;

4. In case the parent or student has difficulty understanding the English language or has other serious communication disabilities, the district will provide a translator;

5. The student shall be permitted to have representation present at the hearing to advise and to present arguments. The representation may be an attorney and/or parent. The district’s attorney may be present;

6. The student shall be afforded the right to present his/her version of the events underlying the expulsion recommendation and to introduce evidence by testimony, writings or other exhibits;

7. The student shall be permitted to be present and to hear the evidence presented by the district;

8. The hearings officer or the student may record the hearing;

9. Strict rules of evidence shall not apply to the proceedings. However, this shall not limit the hearings officer’s control of the hearing;

10. If the Board is conducting the expulsion hearing, the Board may designate the Board chair or a third party as the hearings officer. The hearings officer will determine the facts of each case on the evidence presented at the hearing. Evidence may include the relevant past history and student education records. The hearings officer will provide to the Board, findings as to the facts, the recommended decision and whether or not the student has committed the alleged conduct. This will include the hearings officer’s recommended decision on disciplinary action, if any, including the duration of any expulsion. This material will be available in identical form to the Board, the student if age 18 or over and the students’ parents at the same time. Following the review by the Board of the hearings officer’s recommendation, the Board will make the final decision regarding the expulsion;

11. If the Board has delegated authority to the superintendent [or designee] to act as the hearings officer, the superintendent may designate him or herself, or a third party, as the hearings officer. The hearings officer’s decision is final. However, a decision of the hearings officer may be appealed by the parent or the student if age 18 or over to the Board for review. If the decision of the hearings officer is appealed to the Board for review, the findings as to the facts and the hearings officer’s decision will be submitted to the Board, and will be available in identical form to the Board, the student and the student’s parents at the same time. At its next regular or special meeting the Board will review the hearings officer’s decision and will affirm, modify or reverse the decision;
12. A Board review of the hearings officer’s decision will be conducted in executive session unless the student or the student’s parent requests a public hearing. If an executive session is held by the Board or a private hearing held by the hearings officer, the following will not be made public:

   a. The name of the minor student;
   b. The issues involved, including a student’s confidential medical records and that student’s educational program;
   c. The discussion;
   d. The vote of Board members, which may be taken in executive session when considering an expulsion.

Prior to expulsion, the district must propose alternative programs of instruction or instruction combined with counseling to a student subject to expulsion for reasons other than a weapons policy violation. The district must document to the parent of the student that proposals of alternative education programs have been made.

individualized health care plan for every student for whom the district has been given proper notice of a
diagnosis of adrenal insufficiency. Such a plan will include provisions for administering medication and/or
responding to emergency situations while the student is in school, at a school-sponsored activity, under the
supervision of school personnel, in a before-school or after-school care program on school-owned property
and in transit to or from school or a school-sponsored activity.

Reporting of Suspected Abuse of a Child – JHFE

1-3
If the superintendent is the alleged perpetrator the report shall be submitted to the [Director of Human Services] who shall also report to the Board chair.

The district will post the name and contact information of the designees for each school building designated to receive reports of suspected abuse and the procedures the designee will follow upon receipt of a report, the contact information for local law enforcement and the local DHS office or its designee and a statement that the duty to report suspect abuse is in addition to the requirements of reporting to a designated licensed administrator.

When a designee receives a report of suspected abuse, the designee will follow procedure established by the district and set forth in administrative regulation JHFE-AR(1) - Reporting of Suspected Abuse of a Child. All such reports of suspected abuse will be reported to a law enforcement agency or DHS, or its designee, for investigation, and the agency will complete an investigation regardless of any changes in the relationship or duties of the person who is the alleged abuser.

When there is reasonable cause to support the report, a district employee suspected of abuse shall be placed on paid administrative leave pending an investigation and the district will take necessary actions to ensure the student’s safety. When there is reasonable cause to support the report, a district contractor, agent or volunteer suspected of abuse shall be removed from providing services to the district and the district will take necessary actions to ensure the student’s safety.

The district will notify the person, as allowed by state and federal law, who was subjected to the suspected abuse about any actions taken by the district as a result of the report.

A substantiated report of abuse by an employee shall be documented in the employee’s personnel file. A substantiated report of abuse by a student shall be documented in the student’s education record.

The initiation of a report in good faith, pursuant to this policy, may not adversely affect any terms or conditions of employment or the work environment of the person initiating the report or who may have been subjected to abuse. If a student initiates a report of suspected abuse of a child by a district employee, contractor, agent, volunteer or student, in good faith, the student will not be disciplined by the district or any district employee, contractor, agent or volunteer. Intentionally making a false report of abuse of a child is a Class A violation.

The district shall provide training each school year to district employees on the prevention and identification of abuse, the obligations of district employees under ORS 339.388 and ORS 419B.005 - 419B.050 and as directed by Board policy to report suspected abuse of a child, and appropriate electronic communications with students. The district shall make available each school year the training described above to contractors, agents, volunteers, and parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees. The district shall provide each school year information on the prevention and identification of abuse, the obligations of district employees under Board policy to report abuse, and appropriate electronic communications with students to contractors, agents and volunteers. The district shall make available each school year training that is designed to prevent abuse to students attending district-operated schools.
The district shall provide to a district employee at the time of hire, or to a contractor, agent, or volunteer at the time of beginning service for the district, the following:

1. A description of conduct that may constitute abuse;

2. A description of the investigatory process and possible consequences if a report of suspected abuse is substantiated; and

3. A description of the prohibitions imposed on district employees, contractors, and agents when they attempt to obtain a new job, as provided under ORS 339.378. [A district employee, contractor or agent will not assist another district employee, contractor or agent in obtaining a new job if the individual knows, or has reasonable or probable cause to believe the district employee, contractor or agent engaged in abuse, unless criteria found in ORS 339.378(2)(c) are applicable.]

Nothing in this policy prevents the district from disclosing information required by law or providing the routine transmission of administrative and personnel files pursuant to law.

The district shall make available to students, district employees, contractors, agents, and volunteers a policy of appropriate electronic communications with students.

Any electronic communications with students by a contractor, agent or volunteer for the district will be appropriate and only when directed by district administration. When communicating with students electronically regarding school-related matters, contractors, agents or volunteers shall use district e-mail, using mailing lists and/or other internet messaging to a group of students rather than individual students or as directed by district administration. Texting or electronically communicating with a student through contact information gained as a contractor, agent or volunteer for the district is strongly discouraged.

The superintendent shall develop administrative regulations as are necessary to implement this policy and to comply with state law.

The written record of each reported incident of abuse of a child, action taken by the district and any findings as a result of the report shall be maintained by the district.

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. [The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement.]

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311; however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Reporting Requirements Regarding Sexual Conduct with Students
(Recommend delete this version; See new JHFF/GBNAA)

Sexual conduct by district employees, contractors or agents\(^1\) of the district will not be tolerated. All district employees, contractors and agents of the district are subject to this policy.

“Sexual conduct,” as defined by Oregon law, is any verbal or physical [or other] conduct by a school employee that is sexual in nature; directed toward a kindergarten through grade 12 student; unreasonably interferes with a student’s educational performance; and creates an intimidating, hostile or offensive educational environment. The definition for sexual conduct does not include behavior that would be considered child abuse as outlined by Oregon law and district Board policy JHFE and JHFE-AR - Reporting of Suspected Abuse of a Child.

Any district employee, contractor or agent of the district [or volunteer] who has reasonable cause to believe that another district employee, contractor[,] [or] agent of the district [or volunteer] has engaged in sexual conduct with a student must immediately notify his/her [immediate supervisor] [the person identified by the district to receive such reports].

When the district receives a report of suspected sexual conduct by a district employee, the district may decide to place the employee on paid administrative leave or in a position that does not involve direct, unsupervised contact with students while conducting an investigation. When the district receives a report of suspected sexual conduct by a contractor\(^2\) or agent of the district, the district may decide to suspend services of that contractor or place the agent in a position that does not involve direct, unsupervised contact with students while conducting an investigation. An “investigation” is a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the complainant, witnesses, the district employee, the contractor, the agent of the district or the student who is the subject of the report. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.

If, following the investigation, the report is substantiated, the district will inform the district employee, contractor or agent of the district that the report has been substantiated and provide information regarding the appeal process. [The employee may appeal the district’s decision through the appeal process provided by the district’s collective bargaining agreement, if applicable.] [The employee, contractor or agent of the district may appeal the district’s decision through an appeal process administered by a neutral third party.] [A volunteer may appeal the district’s decision through the district’s complaint procedure.] [A “substantiated report” means a report of abuse or sexual conduct that: a) an educational provider has reasonable cause to believe is founded based on the available evidence after conducting an investigation; and b) involves conduct that the educational provider determines is sufficiently serious to be documented

\(^1\) An “agent” is a person authorized to act on behalf of another (called the principal) to create legal relations with a third party.

\(^2\) [The district is encouraged to duplicate this language in the contract. If the contract is with a company and the person assigned to do the work is the alleged perpetrator, the district shall notify the company and request another company employee be assigned to complete the work.]
in the employee’s personnel file or the student’s education record, and in the administrative file for the contractor or agent of the district.]

If the district employee, contractor or agent of the district decides not to appeal the determination or if the determination is sustained after an appeal, a record of the substantiated report will be placed in the employee’s personnel file or in the administrative file for the contractor or agent of the district. The employee, contractor or agent of the district will be notified that this information may be disclosed to a potential employer. The district will not serve as a reference for a contractor or agent of the district that has a substantiated report.

The district will post in each school building the name and contact information of the person designated to receive sexual conduct reports, as well as the procedures the [personnel director] [superintendent] [Board chair] will follow upon receipt of a report. In the event that the designated person is the suspected perpetrator, the [personnel director] [superintendent] [Board chair] shall receive the report. [If the superintendent is the alleged perpetrator, the Board chair shall receive the report.] When the [personnel director] [superintendent] [Board] takes action on the report, the person who initiated the report must be notified.

The initiation of a report in good faith about suspected sexual conduct may not adversely affect any terms or conditions of employment or the work environment of the complainant. If a student initiates a report of suspected sexual conduct by a district employee, a contractor or an agent of the district in good faith, the student will not be disciplined by the Board or any district employee.

The district will provide annual training to district employees, parents and students regarding the prevention and identification of sexual conduct. The district will provide to employees, contractors or agents of the district at the time of hire a description of conduct that may constitute sexual conduct and a description of records subject to disclosure if a sexual conduct report is substantiated.

Educational providers shall follow hiring and reporting procedures as outlined in ORS 339.374 for all district employees.

Suspected Sexual Conduct Report Procedures and Form *

When the designee receives a report of suspected sexual conduct that may have been committed by a person licensed¹ through Teacher Standards and Practices Commission (TSPC), the designee shall notify TSPC as soon as possible. When the designee receives a report of suspected sexual conduct that may have been committed by a person who is not licensed through TSPC, the designee shall notify the Oregon Department of Education (ODE) as soon as possible.

The district posts in each school building the names and contact information of the employees[2] in each school building designated to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

If the superintendent is the alleged perpetrator the report shall be submitted to the [Director of Human Resources] who shall refer the report to the Board chair.

When the designee receives a report of suspected sexual conduct by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave³ and take necessary actions to ensure the student’s safety. The employee shall remain on leave until TSPC or ODE determines that the report is substantiated and the district takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the district determines either: 1) an employment policy was violated and the district will take appropriate employment action against the employee; or 2) an employment policy has not be violated and an employment action against the employee is not required. The district will investigate all reports of suspected sexual conduct by persons who are licensed by the TSPC, unless otherwise requested by TSPC, and all reports of suspected sexual conduct by persons who are not licensed by TSPC, unless otherwise requested by ODE.

When the designee receives a report of suspected sexual conduct by a contractor [⁴], an agent or a volunteer, the district [may] [shall] prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support a report of suspected sexual conduct, the district shall prohibit the contractor, agent or volunteer from providing services. [The district may reinstate the contractor, agent or volunteer, and such reinstatement may not occur until such time as a report of suspected sexual conduct has been investigated and a determination has been made by TSPC or ODE that the report is unsubstantiated.]

¹ “License” includes a license, registration or certificate issued by the Teacher Standards and Practices Commission.

² Senate Bill 155 (2019) requires the district to designate a licensed administrator and an alternate licensed administrator for each school building.

³ The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

⁴ The district is encouraged to duplicate this language in the contract. If the contract is with a company and the person assigned to do the work is the alleged perpetrator, the district shall notify the company and request another company employee be assigned to complete the work.
Upon request from ODE or TSPC the district will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

[An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.]

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend the investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

[A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.] If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. [The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement.] [The employee may appeal the employment action taken through an appeal process administered by a neutral third party.]

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the district shall create a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Training

The district shall provide training each school year to district employees on the following:

1. Prevention and identification of sexual conduct;
2. Obligations of district employees under ORS 339.388 and 419B.005 - 419B.050 and under adopted board policies to report suspected sexual conduct; and
3. Appropriate electronic communications with students.

The district shall make available each school year the training described above to contractors, agents, volunteers and to parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees.
The district shall provide to contractors, agents and volunteers each school year information on the following:

1. Prevention and identification of sexual conduct;

2. Obligations of district employees under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

The district shall make available each school year training that is designed to prevent sexual conduct to students attending district-operated schools.
