Middle School students will receive their schedules, school supplies and curriculum at the school on September 8th. Middle School teachers will also be making phone calls and sending emails to connect with their students.

Please plan for your student(s) to be ready for our soft start Tuesday, September 8th through Friday, September 11th. You will receive an email in your students' @whitebuffalos.net email account with times and instructions for your first virtual meeting with your teacher. This email will include dates and times for orientation and instructions on how to access Google Meet or Google Classroom as specified by your teacher.

For this process to go smoothly, please make sure that your student has an email address. If your student does not have an email address call the school at 541-553-2811. We will help you get it set up and make sure you can easily access.

We are looking forward to orientation this coming week and preparing for our first official day of school on Monday, September 14. I know teachers are looking forward to a new way to teach and engage students. I hope you are ready for a fantastic school year and I look forward to connecting with your family in the coming year.

Sincerely,  
Bambi Van Dyke
