Schools in Action!

A glimpse into our schools as we learn, teach, accomplish, and achieve great things

JCSD 509-J / FY2020-2021 / JANUARY 2021

Safety first

At JCSD 509J our staff and students are of the utmost importance, we know as we proceed in getting our kids back to school we must work together to ensure the safety for all of us. Please work with us as we follow guidelines - wear masks, sanitize, be safe when meeting with others and social distance. Thank you, we appreciate your efforts!

Schools Return to Limited In Person Instruction (LIPI)

Buff Elementary

We are excited to see the students back in our schools; for now it is limited in person instruction (LIPI) but our goal is to have all our students back in school very soon. We know how important this is for our families, the students, staff and our community, we appreciate your patience and understanding as we continue working together to ensure the safety of all and get our kids back to school.

Jefferson County Middle School

Community Learning Center

These Metolius students: Josslyn Koolhaas, Aleah Koolhaas and Mayreli Mata enjoy the Cooking Dreams Class at the Community Learning Center.

Bridges High School

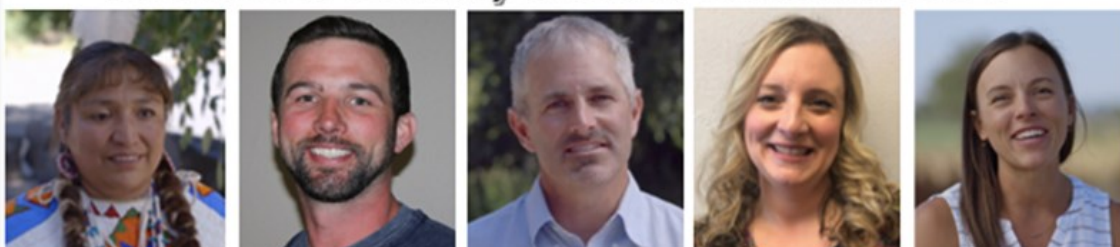

Bridges High School staff are ready for the New Year 2021 wearing their "TOGETHER AS ONE" sweatshirts—united in getting the students back to school.

Warm Springs K-8 Academy hosted a Winter School Supply & Gift Distribution event on January 11th. All of the grade level teams greeted families and handed out school supplies and a gift to each of the students. It is a great time to be a Warm Springs Eagle!

We want to take the time to thank our unpaid elected school board members for their hard work and dedication; even during a pandemic they continue to volunteer their time to assist in charting the future of our students and community.

School boards are accountable to the community for operating schools that support student achievement; they help to create a vision for what students should know and be able to do. School boards help to ensure that student assessments are tied to established standards and they help to align school district resources to ensure that students work to meet those standards. School boards are committed to continuous education and training on issues related to student achievement. We truly appreciate their time and effort.

ESD boards help establish the vision for educational excellence; they create a climate that supports the philosophy that all children can learn, targeting resources, strategies and services to students who need special help to reach this goal and ESD boards are committed to continuous education and training on issues related to best practices in education services for their districts.

Both of the Jefferson County boards (509-J & ESD) have built collaborative relationships based on trust, teamwork and shared accountability; we are grateful for their service. Thank you board members, we appreciate your time and dedication to our schools and our community!
