

## Schedule for School Year 2022/23

509J Families,

Jefferson County School District 509J is adjusting the Start/End Times for seven of our schools. These new times will take effect at the beginning of the 22-23 school year, which starts next month. This will not impact 509J Online or Big Muddy School students.

JCSD 509J is making this change to allow our faculty and staff to have more time for after-school meetings with families and adjust the length of the day for students. Under our previous schedule, 509J student days are significantly longer at every level when compared to neighboring school districts. With the new schedule, 509J will still have a longer student day than many neighboring districts, and still far exceed the state requirements for instructional time. The district will continue to start 90 minutes late on Monday mornings.

This adjustment will provide more access to after-school opportunities for our elementary students. Some community after-school programs that will be available for families are the 21st Century Program offered by JCSD 509J, Kids Club, and the Madras Aquatic Center Recreation District (MACRD).
