V. Academic Eligibility:

Students who travel to other schools representing JCMS will often miss assignments and class time. Students are responsible for obtaining and completing all missed work. Communication with teachers is the key to success. Students must learn to budget their time between practice/games and school work. PowerSchool will help keep you up to date.

To be eligible for participation in Jefferson County Middle School interscholastic Athletics or Activities students **may not be failing more than one class** at the time of each grade check and **must also have a GPA of 2.0 or higher.**

1. **Grade-checks** will be conducted during each sport season, **every week**. Most middle school games/contests/meets are held Tuesday-Thursday. Grade checks will be done each Friday by 2pm during the season to determine the next week of eligibility. Coaches will inform students during practice on Fridays of eligibility for the following week.
2. Students who are **failing more than one class OR have a current GPA below 2.0** at the time of a grade-check will be placed on **academic probation (ineligible)** for the next week (Friday at 3pm to next Friday at 2:59pm). Probationary athletes will **not participate in games, events, or meets**. They will also not travel to away games but must practice and attend home games on the bench in school clothes to support their team.
3. During the probation period student-athletes must attend all study sessions, practices OR **pre-arrange** with their coach to work with a teacher the first half of practice and then practice the second half. Students may not just hang around school – they must either practice or work with a teacher.
4. If a student brings their grade(s) into compliance with the eligibility requirements by the end of the week they may participate in games/activities the **following week so long as they practiced or attended study sessions all week and the coach feels they are ready to play.**
