PREAMBLE

- A. This Agreement is entered into between the Board of Education, on behalf of Jefferson County School District 509-J, herein referred to as the "Board" or "District," and the Cascade Bargaining Council, affiliate of the Oregon Education Association and the National Education Association, herein referred to as the "Council."
- B. The intent of this Agreement is to set forth and record herein the basic and full agreement between the parties on those matters pertaining to wages, hours, and conditions of employment for teaching personnel included in the bargaining unit as defined in Article 1 of this Agreement.

ARTICLE 1
STATUS OF AGREEMENT

- A. The Board recognizes the Cascade Bargaining Council as the sole and exclusive bargaining agent for all licensed teaching personnel employed by the District in positions for which a teaching license is required by state law or regulation and other employees in positions requiring a professional license (Speech Pathologist, Occupational Therapist, Nurses, etc.). Such representation excludes the superintendent, the central office administrative staff, principals, vice-principals, and administrative assistants. This Article does not contain a recognition of the Council with respect to substitute teachers but does not preclude such recognition in the future.
- B. The Board recognizes the Madras Education Association as a member of the Cascade Bargaining Council.
- C. This Agreement shall modify, replace, or add to any policies, rules, regulations, procedures, or practices of the District which shall be contrary to or inconsistent with its terms. The provisions of this Agreement shall be incorporated into and become part of the practices and procedures of the District.
- D. There shall be two (2) signed copies of the final Agreement for the purposes of records. One shall be retained by the District, and one by the Council.
- E. The parties mutually agree that the terms and conditions set forth in this Agreement represent the full and complete understanding and commitments between the parties hereto, which may be altered, changed, added to, deleted from, or modified only through the voluntary and mutual consent of both parties in a written amendment.
- F. Temporary teachers are covered by all terms and conditions of this Agreement except for Article 17, Reduction in Staff and Recall, and are considered members of the bargaining unit when it is known that the assignment shall exceed forty-five (45) consecutive work days, when appropriately certified, and when a teaching contract is signed. However, insurance coverage and placement on the salary schedule shall only apply when the agreement for employment exceeds sixty (60) days. Employees not wishing to be covered by the district insurance plan may decline the benefit package.
- G. Part-time employees (*those working less than twenty (20) hours per week*) are covered by all terms and conditions herein, with the exception of insurance coverage. The District will only pay a prorated portion of the cap for part time employment, giving the employee the option of paying the difference if allowed by the insurance carrier.

ARTICLE 2
NEGOTIATION OF A SUCCESSOR AGREEMENT

- A. The effective date of this Agreement shall be July 1, 2025 through June 30, 2028.
- B. This Agreement shall not be modified in whole or in part by the parties except by an instrument in writing, duly executed by both parties. Opening of this Agreement for one article does not open the remainder of the Agreement.

- C. The Board agrees to enter into collective bargaining with the authorized teacher representative organization for a successor agreement at a later date mutually agreed upon by the parties. Any Agreement so negotiated shall be reduced to writing and ratified by the parties.

ARTICLE 3

COUNCIL RIGHTS AND PRIVILEGES

A. **INFORMATION**

The District agrees to make available to the Cascade Bargaining Council and the Madras Education Association, in response to reasonable requests, public information in conformity with Oregon Revised Statutes.

Upon Association request, by October 1 of each year, the District shall provide to the Cascade Bargaining Council and the Madras Education Association an electronic database of each employee in the bargaining unit (active and non-members) that includes first date of service, FTE, classification or title, PERS classification, worksite, position, on the salary schedule, dues deductions, residential address, and residential phone number. For every bargaining unit member hired after October 1, and upon Association request, the District shall provide such information within thirty (30) days of hire.

B. **USE OF SCHOOL BUILDINGS**

School buildings may be used at no cost for Madras Education Association meetings at reasonable times during the non-duty hours, provided that such meetings shall not interfere with the normal school operations or special meetings and classes, and providing that prior approval is received from the principal and that the building custodian is on duty.

C. **USE OF SCHOOL EQUIPMENT**

The Madras Education Association has the right to conduct MEA business and to use school equipment including District computers, internet access and email system during non-duty hours and when not in use; the MEA shall replenish or pay for all supplies and materials incidental to such use.

D. **BULLETIN BOARDS AND MAIL FACILITIES**

Bulletin boards and interschool mail facilities may be used for distribution and posting of Cascade Bargaining Council and/or Madras Education Association communications so long as such communications are labeled as such and are not defaming to any individual and/or group. One bulletin board for such use will be provided in each school facility occupied by members of Madras Education Association.

E. **TIME FOR ASSOCIATION ACTIVITIES**

All internal Cascade Bargaining Council and/or Madras Education Association activities and those activities between the CBC/MEA and administrative representatives shall occur outside regular school hours. Exceptions will be made by mutual agreement.

F. **ORIENTATION PROGRAMS**

All in-service programs for new teachers are the responsibility of the District. The Madras Education Association may request reasonable time to explain the goals and objectives of the MEA to new teachers

during the in-service period. This MEA orientation is a non-compulsory meeting for new teachers. The District will consult with MEA to establish a mutually agreed upon time.

G. **MADRAS EDUCATION ASSOCIATION MEETING TIMES**

No more than one time per week, a Madras Education Association representative may hold a meeting for the Madras Education Association members for the last five (5) minutes of a contracted work day as long as the meeting does not conflict with a scheduled building or district meeting or training.

The Cascade Bargaining Council and/or Madras Education Association have the right to address the Board at any regularly scheduled Board of Directors meeting.

I. **MADRAS EDUCATION ASSOCIATION LEAVE**

An unpaid leave of absence of up to two (2) years minimum shall be granted to any teacher, upon application, for the purpose of serving as an officer of the Oregon Education Association or on its staff. Upon return from such leave, such teachers shall be placed at the same position on the salary schedule as they would have been had they taught in the system during such period. OEA officers (not on unpaid leave from the District) shall, on request, be granted leave. The MEA shall reimburse the District for the cost of the substitute.

J. **MADRAS EDUCATION ASSOCIATION RELEASE TIME**

The Madras Education Association President will have the equivalent of one and one-half (1-1/2) hours daily to conduct MEA business. This time will be determined mutually by the president of the MEA and the District superintendent or designee. The release time must be taken in increments of 1/2 day or full day. The MEA will reimburse the District for any substitute costs incurred by the District in any mutually agreed release time for the MEA President.

K. **MADRAS EDUCATION ASSOCIATION BUSINESS LEAVE**

The Board shall grant ten (10) days per year total leave for MEA business, provided substitutes are available. Four (4) days prior notice will be required. The person taking the leave must obtain the superintendent's or designee's prior approval. The MEA will reimburse the District for the cost of the substitutes.

L. **RIGHT TO ORGANIZE**

Teachers shall have the right to organize, join, and assist the Cascade Bargaining Council to participate in professional negotiations with the Board through representatives of their choosing, and to engage in other legal activities, individually or in concert, for the purpose of establishing, maintaining, protecting, or improving conditions of professional service.

M. **MAINTENANCE OF MEMBERSHIP**

1. Prior to the first dues deduction of the school year, and then for any employee who becomes a member of the Association after the start of the school year, the Association shall notify the District of bargaining unit members who have elected to have dues deducted from their paychecks and shall identify the dues to be deducted from each. The Association shall also notify the District when a bargaining unit member should no longer have dues deducted. The District shall enact dues deduction changes on the pay period

following a notification if the District has a signed authorization from the employee to make dues deductions per Article 29(A) (3).

2. The MEA/OEA shall defend and hold the District harmless for any failure to notify the District of a member's revocation of membership.

ARTICLE 4 **DISTRICT RIGHTS**

- A. It is recognized that the Board has and will continue to retain the rights and responsibilities to operate and manage the school system and its programs, facilities, properties, and activities of its employees.
- B. Without limiting the generality of the foregoing (paragraph A), it is expressly recognized that the Board's operational and managerial responsibilities include:

If any article, section, or clause of this Agreement is declared by proper legislative, administrative, or judicial authority to be unlawful, unenforceable, or not in accordance with Oregon Law, all other articles, sections, and clauses of this Agreement shall remain in full force and effect for the duration of this Agreement. The parties agree to meet immediately to negotiate a replacement Agreement.

ARTICLE 6

MISCELLANEOUS PROVISIONS

CONFORMANCE WITH LAW

Nothing contained within this Agreement shall be construed to deny any teacher his/her rights under the Constitutions and laws of the United States and the State of Oregon, or under applicable laws and rules.

SUBCONTRACTING

No bargaining unit position may be subcontracted by the District during the term of this Agreement without prior discussion with the Association.

ARTICLE 7
PERSONAL/ACADEMIC FREEDOM

The personal, religious and political life of a teacher is not an appropriate concern of the District, except where it affects the teacher's fitness for or performance of his/her contractual duties. The District and the Association will provide a teaching and learning atmosphere that is free from restraint upon free inquiry, learning and academic freedom. Both classroom instruction and teacher selected instructional materials shall be focused on the student attainment of Oregon State Standards. The District shall not take any progressive disciplinary or negative evaluative action against any teacher for the use of adopted curriculum or instructional materials aligned with Oregon State Standards and approved in accordance with district policies and procedures.

Said committee shall consist of not more than one (1) member for every seven (7) teachers in the school building, with a minimum of two (2) members from each building, unless otherwise mutually agreed upon by the building administrator and his/her faculty.

ARTICLE 10
GRIEVANCE PROCEDURE

A. DEFINITIONS

1. **Grievance**: A "*grievance*" is a claim by a teacher or by the Council based upon application or violation of this Agreement.
2. **Aggrieved Person**: An "*aggrieved person*" is the person or persons or the Council making the claim.
3. **Party in Interest**: A "*party in interest*" is the person or persons making the claim and any person who might be required to take action, or against whom action might be taken in order to resolve the claim.

B. PURPOSE

The purpose of this procedure is to secure at the lowest possible level, equitable solutions to the problems that may affect teachers. Both parties agree that these proceedings will be kept informal and confidential as may be appropriate at any level of the procedure.

C. **PROCEDURE**

1. **Time Limits**: Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended or reduced by mutual agreement.
2. **Level One - Informal Level**: The aggrieved will first discuss the grievance with the principal or immediate supervisor, with the objective of resolving the matter informally.
3. **Level One - Formal Level**: If the aggrieved person is not satisfied with the informal disposition, or if no disposition is rendered, the aggrieved person or the Council representative will file the grievance in writing with the principal or immediate supervisor. The grievance shall state the specific article being grieved and a narrative of the alleged violation and proposed remedy. The grievance must be filed within twenty-five (25) school days of the act or alleged grievance.

The principal or immediate supervisor shall respond with a written decision within fifteen (15) school days.

4. **Level Two – Superintendent/or designee**: If the aggrieved person is not satisfied with the disposition of the grievance at level one, or if no decision has been rendered within fifteen (15) school days after the presentation of the written grievance, he/she may file the grievance in writing with the superintendent or designee within five (5) school days after the decision at level one. Within ten (10) school days after receiving the written grievance, the superintendent or designee shall hold a hearing on the grievance. Within five (5) school days of the hearing, the Superintendent or designee shall respond with a written decision.
5. **Level Three - Board**: In the event the aggrieved person is not satisfied with the disposition of the grievance at level two, or in the event no decision has been rendered within ten (10) school days after the aggrieved has first met with the superintendent, he/she may file the grievance in writing with the superintendent, who shall place it on the Board agenda. The Board shall meet and discuss with the aggrieved person, and/or with the representative (if requested by the aggrieved person) at its next regular meeting or sooner for the purpose of resolving the grievance. Within five (5) school days of the hearing, the Board will issue a written decision to the aggrieved person. The decisions of the Board will be final regarding issues of policy. Disagreements concerning the interpretation of ORS or matters of law will be submitted to the Attorney General for opinion.
6. **Arbitration**: Disputes or disagreements involving application or violation of specific provisions of this Agreement may be submitted to binding arbitration under the following conditions.

Step A: All steps provided for in the grievance procedure must first be exhausted by both parties.

- Step B:** The issue must involve the application or violation of a specific provision of this Agreement.
- Step C:** The Council will notify the superintendent of its intent to proceed to arbitration within ten (10) school days after receiving the Board's decision in writing.
- Step D:** When timely notification has been made for arbitration, the parties or their designated representatives shall attempt to select an impartial arbitrator. Failing to do so, they shall, within ten (10) school days of the appeal, jointly request the Employment Relations Board to submit a list of five (5) arbitrators who maintain an office in Oregon or Washington. As soon as the list has been received, the parties or their designated representatives shall determine by lot the order of elimination and thereafter each shall, in that order, alternately strike a name from the list and a fifth and remaining name shall act as the arbitrator. The parties shall then be bound by the American Arbitration Association rules.
- Step E:** The arbitrator so elected shall confer with the representatives of the Board and the Council and hold hearings promptly and shall issue a decision not later than thirty (30) days from the date of the close of the hearings. The arbitrator's decision shall be in writing and shall set forth his/her findings of facts, reasoning, and conclusions on the issues submitted. The arbitrator shall not add to, subtract from, modify, or amend any terms of this Agreement. The arbitrator shall have no power to substitute his/her discretion for that of the Board in any manner not specifically contracted away by the Board. The decision of the arbitrator within the scope of his/her authority shall be binding on the parties.
- Step F:** The Board and Council will share equally any joint costs of the arbitration procedures, such as the fee and expense of the arbitrator and cost of the hearing room.

D RIGHTS OF TEACHERS TO REPRESENTATION

1. **Teacher and Council:** Aggrieved persons may be represented at all stages of the grievance procedure by themselves or at their option, by a representative provided by the Association.
2. **Reprisals:** No reprisals of any kind shall be taken by the Board or by any member of the Administration against any party in interest, any representative, any member of the Council, or any other participant in the grievance procedure by reason of such participation.

E. MISCELLANEOUS

1. **Group Grievance:** If, in the judgment of the Council, a grievance affects a group or class of teachers, the Council may submit such grievance in writing to the superintendent or designee directly and the processing of such grievance shall be commenced at level two. Such grievance must be filed within twenty-five (25) school days of the act or alleged grievance.
2. **Written Decisions:** All decisions rendered at the formal levels one, two, and three shall be in writing. These documents shall state the decision and the reasons for the decision, and shall be transmitted promptly to all parties in interest and to the Council.

3. **Separate Grievance File**: All documents, communications, and records dealing with the processing of a grievance shall be filed in a separate grievance file and shall not be kept in the personnel file of any of the participants.
4. **Meetings and Hearings**: Meetings and hearings under this procedure shall not be conducted in public and shall include only such parties in interest and their designated or selected representatives, heretofore referred to in this Article.

STANDARDS

It is the intent of the District through policy to maintain the existing conditions of employment not specifically addressed in this Agreement. This Agreement shall not be interpreted or applied to deprive conditions of employment heretofore enjoyed unless expressly stated within this Agreement and shall exclude all but mandatory topics of bargaining as currently defined by the Employment Relations Board.

ARTICLE 12

WORK YEAR

- A. The school work year for employees (*members of the bargaining unit*) shall be within the confines of the school calendar and shall be 190 contract days, including holidays (i.e., Labor Day, Veteran's Day, Thanksgiving, Christmas, New Year's, President's Day in February, Martin Luther King Jr. Day, and Memorial Day) and not to exceed 176 teaching days; the remainder of the 190 days to be in-service and/or workdays and/or parent conference days. On years where a teacher is implementing a newly adopted curriculum, the District will schedule at least 2 teacher directed workdays before the first student contact day, and for years where a teacher is not implementing a newly adopted curriculum, the District will schedule at least 2.5 teacher directed workdays before the first student contact day each year. The District will schedule 3.5 teacher directed hours on the day following Q2/S1 grading day, and 3.5 district directed hours for building level Professional Learning Teams.
- The District will schedule one full workday as a non-student contact day for the purposes of holding parent/teacher conferences. This will be an 8.5 hour day ending no later than 6:30pm with a 30 minute lunch and 30 minute dinner break.
- B. The MEA and the District agree that adequate time for preparation of grades is important to the educational process. To that end, each teacher will have one (1) day for report card preparation at the end of each grading period. (*i.e., trimester = 3 grading periods per school year, quarters and semesters = 4 grading periods/school years.*) All grading days will be individual teacher directed. This provision is not intended to disallow a voluntary, mutual agreement between individual teachers and their Supervisor to use all or part of any of these days for purposes other than report card preparation.
- C. There shall be a 12:15 p.m. dismissal prior to Thanksgiving Day and prior to Christmas holiday when dismissal for Christmas holiday is on or later than December 23. On days preceding holidays or breaks, bargaining unit members shall be released as soon as the student contact day ends and student supervision responsibilities are completed.
- D. Principals shall conduct an election during a September teachers meeting to elect a representative from each building in order to form a district calendar committee. The purpose of this committee is to propose a calendar for adoption by the Board.
- E. Employees are permitted to telework on grading days, excepting the last grading day of the school year, or if the District has scheduled time for purposes other than report card preparation on one of the two (2) end of quarter grading days in accordance with this subsection. Employees will be generally available to their supervisors by phone and email during their regularly scheduled work hours.

ARTICLE 13
TEACHING CONDITIONS

A. EMERGENCY CLOSURE

Teacher attendance shall not be required whenever student attendance is not required due to emergency closure, and teachers will not be docked for any paid sick leave/time or personal leave previously scheduled for that day. The District reserves the right to reschedule time. Rescheduled days will be normal school days for the entire district, but teachers will not receive additional compensation.

B. REIMBURSEMENT FOR TRAVEL EXPENSE

Teachers will be reimbursed at the prevailing IRS rate for authorized use of private automobiles.

C. USE OF DISTRICT VEHICLES

Teachers may be allowed to use District vehicles for school related purposes, when available, and with prior administrative approval.

D. WORK LOAD

If a teacher believes an unfair work load exists, the teacher shall have the right to an informal discussion with the immediate supervisor. If the solution of the supervisor is not acceptable, the teacher shall put the concern in writing to the superintendent. The superintendent shall meet with the concerned party. The superintendent shall have the authority to make a final decision. The superintendent's decision is not grievable.

ARTICLE 14
HOURS OF WORK

- A. The normal teaching day shall be eight (8) continuous hours including a one-half (1/2) hour duty-free lunch period. Upon the approval of the immediate supervisor, arrangements may be made for work hours different than those normally assigned. When administration requires the faculty to meet, extending the normal workday, members will take one-half hour early release on Friday of the same week. If a member is requested for any assigned duty on Friday, early release will be provided on another day, upon mutual agreement by employee and administrator.
- B. Regular faculty meetings may extend the normal workday by one-half (1/2) hour per every other week. A written agenda will be distributed 24 hours prior to the meeting. Emergency meetings are excluded from this provision.
- C. Grade level and/or department meetings may extend the normal workday one (1) hour, with one meeting per month limit for each teacher. A written agenda will be distributed 24 hours prior to the meeting.
- D. The Council and the District recognize that up to four evening call backs for open houses, family engagement events, or parent conferences per year shall constitute exceptions to the normal workday. These exceptions to the normal workday shall not exceed three (3) hours in each case. These four call backs do not need to be scheduled contiguous to the workday, but the scheduled end time will not be later than 6:30 pm. If a member has special circumstances and cannot attend conferences for the entire duration of the call back,

they may make arrangements with their immediate supervisor to offer conferences to parents at another time.

- E. The Council and District agree that the District may elect to initiate a common dismissal time for all elementary grade levels.
- F. Each building may utilize site-based decision making to accommodate parent work schedules during conference times.

ARTICLE 15

PREPARATION TIME

Teachers understand that interruptions to preparation time are inevitable. The administration will attempt to limit these interruptions. The supervisor shall grant the classroom teacher flex time when the teacher's prep time is interrupted.

For the purposes of this article, elementary teachers will be defined as grades K-5 and secondary teachers will be defined as grades 6-12.

A. Classroom teachers shall have, in addition to their lunch period, daily preparation time during which they shall not regularly be assigned to any other duties. This time shall be:

1. Elementary Teachers: At least 50 minutes per day and 300 minutes per full workweek. Interruptions shall be kept to a minimum.
2. Secondary Teachers: At least 60 minutes per day or 300 minutes per full workweek if the school schedule includes one or more days of block scheduling per week.

The 60-minute preparation time need not be continuous; however, a 30-minute continuous preparation period shall be provided for all classroom teachers.

B. **Number of Preparations:** Secondary teachers shall not have more than a total of three (3) teaching preparations per day unless mutually agreed between the teacher concerned and the administration.

C. Each teacher, kindergarten through grade five, shall be entitled to at least a ten (10) minute duty-free break in the morning and at least a ten (10) minute duty-free break in the afternoon, unless the student day ends by 2:30pm, in which case they shall receive only a ten (10) minute break in the morning. If the District is considering ending the student day by 2:30pm during the following school year for any building in the District, the administrators of the potentially affected building(s) shall meet with the building staff to receive their input about the schedule no later than the end of the current school year or before the schedule is finalized by the District, whichever is sooner. The District, in its discretion, will consider the staff's input along with other operational and administrative considerations when making a final decision on scheduling.

ARTICLE 16

VACANCIES AND TRANSFERS

District and program needs are the primary criteria used for determining teacher assignments. However, the Board recognizes that it is desirable in making assignments to consider the interest and aspirations of its teachers. All teachers shall be notified in writing of their probable teaching assignment for the next school year by June 15.

For the purposes of this article, teaching assignment includes grade level and/or subject taught, and/or specialty (e.g., special education, psychologist, speech therapist, or librarian) and the room or building of the teacher's primary location.

A. VOLUNTARY TRANSFER

1. Any teacher desiring a change in teaching assignment shall make the request in writing on or before March 1 in order for it to be considered for the following school year. Applications for transfer must be renewed annually in order to remain valid.
2. In acting on requests for voluntary change in teaching assignment, the following criteria will be applied by the District:
 - a. Individual qualifications.
 - b. Instructional requirements.
 - c. Staff availability and experience mix.
 - d. Where the district determines that the foregoing factors are substantially equal, the preference in assignment or transfer shall be given to the applicant with the greatest number of years of service in the District.
3. If a teacher's request for a voluntary change in teaching assignment has been denied, he/she will, upon request, receive a written explanation of the reasons from the superintendent or his/her designee.

B. ADMINISTRATIVE TRANSFER

Administrative transfer is defined as any District initiated involuntary change in teaching assignment. Administrative transfers may be for disciplinary reasons. When the District identifies a need for an administrative transfer, the teacher will have the opportunity to make known to the appropriate administrators his/her wishes regarding the new assignment prior to any change. All administrative transfers will be in writing and given to the teacher at the earliest possible time. In order to compensate for moving their primary location (classroom and/or office), teachers shall be provided one and one-half (1 ½) days of pay at the teacher's per diem rate when an administrative transfer occurs. Upon employee request, the District will provide additional training and supports in the event of an administrative transfer. Final decisions regarding support will be made by the District, following collaboration with the employee and Association at employee's discretion.

C. VACANCIES

The Board recognizes that any vacancy might be of interest to its professional employees. Vacancies will be posted on the district website.

ARTICLE 17

REDUCTION IN STAFF AND RECALL

In the event the Board in its discretion determines that it is necessary to lay off employees, due to funding or administrative decision, the following procedures shall be observed:

- A. The District shall first observe the requirements of ORS 342.934, which currently includes but is not limited to, the District making “every reasonable effort to (a) Transfer teachers of courses scheduled for discontinuation to other teaching positions for which they are licensed and qualified” and any other applicable state and federal requirements. All provisions of this Article shall apply only if such provisions are harmonious with such state and/or federal requirements.

The District recognizes the need for collaboration with the Association to promote a positive understanding of the reduction process. The Association also understands that these are difficult decisions that fall under the responsibility of the District.

In order to present the Council an opportunity to provide their input, the District shall schedule a meeting with the Council prior to finalizing any decision to lay off employees.

In the event the board determines a reduction in staff is necessary, the District will provide the MEA President and CBC UniServ Consultant with a layoff list prior to notification of employees. The time period from notice of a specific layoff to the actual reduction in staff shall be at least thirty (30) calendar days.

- B. In determining teachers to be retained when the District reduces staff, the District shall follow the provisions of ORS 342.934 and also consider:
- License and Endorsements
 - Seniority
 - Cultural and Linguistic Experience
and may consider
 - Competence
 - Merit

“Seniority” is defined as the length of time a teacher has been employed by the District beginning on the actual date the teacher first reported to work in their licensed agreement inclusive of approved leaves of absence. Ties shall be broken by drawing lots.

“Competence” means the ability to teach a subject or grade level based on recent teaching experience related to that subject or grade level within the last five years; or educational attainments which may not be based solely on being licensed to teach; or the teacher’s willingness to undergo additional training or pursue additional education.

“Merit” means the measurement of one teacher’s ability and effectiveness against the ability and effectiveness of another teacher. Merit shall be determined by examining the materials in the teacher’s official personnel file as kept in the central office. (Examples include but are not limited to: Licensure, Endorsements, Evaluations, Disciplinary Letters, Education, Programs of Improvement, Other Teaching Experience, etc. See article XXI Personnel Files for more information.)

The District will provide a written rationale to the Association when it considers cultural and linguistic experience, competence, or merit to retain or recall a less senior teacher under this Article.

C. **RECALL PROCESS**

Teachers who have been laid off will be recalled in reverse order of layoff provided that the teacher is qualified to fill available position(s) based on licensure, or if the District chooses, competence or merit. When recall occurs, the District will notify teachers of available positions by certified letter sent return receipt requested, to the last address given to the District by the teacher. Laid off teachers shall have fourteen (14) calendar days after receiving such notification in which to indicate their acceptance or rejection of the position, and an additional twenty (20) days there from in which to commence active employment. If the teacher has accepted work elsewhere, or is unable to report to work due to illness or injury, he/she will be allowed sixty (60) days from the date of acceptance before being required to report to work. No out-of-district teachers will be hired until the recall list and recall procedure have been exhausted.

A teacher who cannot be reached at his/her last known address forfeits all recall rights.

Employees returning from layoff shall have all previously accrued sick leave and seniority reinstated.

Employees who worked one-half (1/2) or more of the school year in which the layoff occurs shall be advanced to the next step on the salary schedule. Employees who worked less than one-half (1/2) of the school year shall be placed on the same step they were on when the layoff occurred.

D. **ADMINISTRATORS**

An administrator who chooses to return to teaching in reduction in staff situations shall be accorded his/her rights under ORS 342.934(5). If the administrator had been previously employed as a teacher in the District, he/she shall be eligible for retention as any other member of the bargaining unit.

The provisions of the article shall be constructed so as not to conflict with the requirements of the Fair Dismissal law.

ARTICLE 18
JUST CAUSE

No member of the bargaining unit covered by this Agreement will be disciplined or terminated without due process.

For the purpose of this Article, discipline is defined to include formal written reprimand, suspension, demotion, reduction in basic compensation, or dismissal.

For the purpose of this Article, due process is defined as follows:

1. The employee will be told the charges and given the information forming the basis for such action.
2. The employee will have the opportunity to respond to the above.
3. The employee will have an opportunity to discuss the matter with his/her supervisor.

4. Upon request, the employee shall be allowed to meet informally with the Board to discuss the reasons for such action(s).
 - a. Such disciplinary action shall be based on reasonable District policies, practices, and procedures.
 - b. The employee will have the opportunity to include a statement in his/her personnel file.

No contract teacher shall be disciplined, terminated, or suspended without pay without just cause. Contract teachers who are terminated and desire to have the termination reviewed, must either elect arbitration under the terms of the Agreement or proceed through the Fair Dismissal Appeals Board, but not both. No probationary teacher shall be disciplined, or suspended without pay, without just cause. It is expressly understood that probationary teachers are excluded from all just cause provisions for non-renewal or termination. It is understood that a non-renewal cannot be overturned as a result of an arbitrator's decision on a just cause grievance.

ARTICLE 19

CRITICISM

Communications of criticism between employer officials and bargaining unit employees shall be made in private and in a manner designed to be constructive.

ARTICLE 20

PROCEDURAL DUE PROCESS FOR PROBATIONARY TEACHERS

- A. Any probationary teacher being nonrenewed will be notified on or before March 15 of the school year.
- B. Reasons for dismissal or nonrenewal will be given to the teacher upon notification of dismissal or nonrenewal.
- C. Any probationary teacher being dismissed or nonrenewed will, upon request, be provided with a Board hearing with the right to Association representation.

ARTICLE 21

PERSONNEL FILES

- A. The official files on all teachers are confidential in accordance with applicable Oregon Statute.
- B. Teachers shall have the right to examine their personnel files upon request, during normal business hours, and to obtain copies of any materials therein.
- C. Any materials of an unfavorable nature must be signed and dated by the teacher before being placed in the personnel file. Signing does not indicate agreement or disagreement. In the event of failure to sign, the material will be placed in the file with a statement that the teacher refused to sign it.
- D. A teacher may include a statement of rebuttal for any material contained in the file.

- E. A teacher shall have the right to request the removal of any materials that have been in the file for a minimum of four (4) years, except for any materials related to sexual conduct as defined by ORS 339.370, sexual harassment, or physical abuse. Such request shall be granted. Excepted are materials required by law to remain in the personnel file, which include all charges resulting in disciplinary action, and evaluation documents per ORS 342.850.

ARTICLE 22

TEACHER EVALUATION

- A. The parties agree that the primary objectives of evaluation are to improve the quality of learning opportunities for children, to inform the professional growth of teachers, and to assist in the determination of teacher effectiveness.
- B. The Evaluation Committee, comprised of administrators and those teachers belonging to and appointed by the Association, shall meet at least once per school year to review the District's evaluation procedures and/or policies. Additional meetings will be scheduled by the request of either party. This provision does not preclude the Board from making changes to the evaluation tools or process that are inconsistent with the recommendation(s) of the Evaluation Committee as long as such changes are made after consultation and collaboration with the Evaluation Committee, in accordance with Oregon Law. The District will annually review the District's Licensed Staff Evaluation Guide with staff, either individually or in a group setting.
- C. Prior to conducting observations, administrators will meet with teachers to discuss evaluation criteria and performance standards.
- D. Observations of the work performance of a teacher shall be conducted openly. The purpose for such observations is not only to observe the teacher in the classroom situation, but to evaluate and guide such teacher in a positive and helpful way. Teachers will meet to discuss the results of the classroom observations with their immediate supervisor. The supervisor will furnish the teacher a written report on the observation of classroom performance. Probationary teachers will be observed at least two (2) times each school year.
- E. The teacher shall sign the written evaluation acknowledging receipt of the teacher's copy. The teacher shall be provided with the opportunity to respond in writing to the evaluation.
- F. Teachers shall be given five (5) days notice of the intention to present a program of assistance for improvement. Upon request of the employee, a copy of the Plan of Assistance shall be provided to the Association prior to meeting with the employee. In such instance, teachers and administrators shall have the right to have a representative provided by the Association present when the program of assistance for improvement is presented, and at all subsequent meetings between the employee and supervising personnel. Prior to the Plan of Assistance being finalized, the employee shall have the right to review, discuss, and suggest changes to the plan document. The District's Plan of Assistance shall be in compliance with ORS 342.815. "Program of assistance for improvement" means a written plan for a contract teacher that with reasonable specificity:
- a. Helps teachers adapt and improve to meet the changing demands of the Oregon Educational Act for the 21st Century in ORS chapter 329 if applicable.
 - b. Identifies specific deficiencies in the contract teacher's conduct or performance.

- c. Sets forth corrective steps the contract teacher may pursue to overcome or correct the deficiencies.
- d. Establishes the assessment techniques by which the District will measure and determine whether the teacher has sufficiently corrected the deficiencies to meet the District's standards.

The program, developed by the evaluators in consultation with the teacher shall include:

- 1. The specific assistance to be offered by the District.
- 2. The timeline for improvement.
- 3. Regular conferences scheduled in the Plan of Assistance with written progress reports.

- G. Parent visitations are not to be construed as any part of the evaluation process.
- H. The above evaluation procedure in no way limits the teachers' rights or the District's responsibilities as stated in Oregon Law.

ARTICLE 23

EVALUATION OF STUDENTS

It is recognized that the teacher has the right and responsibility to determine grades of students. No grade or evaluation shall be changed without the approval of the teacher unless such grade or evaluation is inconsistent with district and/or building policies. In the event the teacher has terminated employment, the supervisor may change a grade or evaluation upon receipt of validating evidence.

ARTICLE 24

MAINTENANCE OF CLASSROOM CONTROL

- A. Building administrators will work collaboratively with employees to review and establish learning environment expectations that are consistent with District policy. This shall include the establishment of expectations and guidelines, as well as procedures for responding to both specific and general disciplinary matters at the building levels. In the fall of each year and for employees hired mid-year, building administrators shall communicate and review learning environment expectations with students, families, and staff.
- B. The Council recognizes that student discipline is a responsibility of every teacher. When, in the judgment of a teacher, a student is disruptive to the educational process, the teacher may temporarily exclude a student from the classroom and refer him/her to the principal for action.
- C. When it is the employee's assessment that a student's behavior poses an immediate threat to the health, safety, or welfare of others, an administrator or their designee shall respond immediately to the situation. Any involved party may request and be granted a conference before readmittance. Persons who may attend the conference include: student, teacher, counselor, building administration, parent or legal guardian, or other individual with legitimate concerns. If the employee communicates to the administrator a desire for a conference with the administrator and/or student before the student is returned to the classroom, then the

administrator or designee shall ensure the conference is scheduled and a short-term plan is established for use until all appropriate stakeholders can meet to discuss additional supports.

The employee may submit a collaborative meeting request in order to develop and implement a plan that assures the learning environment of all. That plan will be developed with the student, guardian, impacted staff, and site administrator. The meeting shall be scheduled as soon as practicably possible. If the parent or guardian is unavailable to attend, the meeting shall proceed as scheduled. If the availability of these parties prevents an immediate meeting to develop and/or review such a plan, the administrator will arrange an alternative learning space until the meeting is held.

- D. The discipline of students with disabilities who are eligible for special education, including suspension, expulsion, and other removals from the classroom, is subject to and governed by the Individuals with Disabilities Act (IDEA) and Oregon law, both of which supersede the provisions of this CBA.

ARTICLE 25

COMPLAINT PROCEDURE

If a complaint by a student, parent, staff member (other than the teacher's building administrators) or community member is received, the administrator will encourage the complainant to meet with the employee and discuss the complaint in an attempt to resolve the complaint before formally processing the complaint. The administrator may apprise the employee of the nature of the complaint. If the administrator determines the complaint might result in a negative evaluation, discipline or placement in the teacher's personnel file, the following procedure will apply:

1. The administrator will hold a conference with the teacher within fifteen (15) working days after the complainant either refuses to meet with the teacher regarding the complaint or after the complainant notifies the administrator that the informal meeting with the teacher did not resolve the complaint.
2. At the meeting the administrator will describe the specifics of the complaint including, if known, the time, place, and type of action complained of. The administrator will provide the teacher with the name of the complainant unless the administration is prevented by law from doing so or unless the complainant requests anonymity. If the complaint was made in writing, the administrator will provide a copy of the complaint to the teacher. If the complainant requests anonymity or if the District is required by law to withhold the name of the complainant, the administrator will make a reasonable effort to redact any information in the complaint that would allow the teacher to identify the complainant before providing the written complaint to the teacher.
3. The employee will have the right to representation by the Association at the meeting.
4. To the extent permissible under applicable law and district policy, The District will notify the employee of the disposition of the complaint.

Anonymous complaints will not form the basis of a record in the teacher's evaluation or disciplinary action against the teacher unless there is independent evidence or corroboration to sustain the complaint.

If a complaint involves an allegation of child abuse, an investigation by law enforcement, or an allegation of discrimination, the District is not required to follow the procedures outlined in this article.

ARTICLE 26
NO STRIKE

- A. The Association agrees that during the term of this Agreement, its membership will not participate in a strike, work stoppage, slowdown, or interruption of school services and operation, which is prohibited by ORS 243.726.
- B. There will be no lockout of employees in the unit, by the District, as a consequence of any dispute arising during the period of this Agreement.
- C. In the event the parties have a reopener during the term of this Agreement, the No Strike Article shall not apply during the reopening.

1. Tuition costs will be reimbursed using either the average rate for resident graduate units charged by the eight institutions that are part of the Oregon State System of Higher Education or, if applicable, the average rate for resident undergraduate units charged by the eight institutions. Reimbursement will be up to the applicable rate, that is, if the actual costs per unit are less than the applicable average rate, reimbursement will be at the actual costs paid.
2. The maximum annual individual reimbursement shall be for up to (12) quarter credit hours.
3. Total District reimbursements shall be capped at \$ 45,000 per year, and available in three periods as described below.
4. For probationary teachers, in order for units to qualify for maximum reimbursement, the units must be preapproved in writing by the teacher's building Principal. Such preapproved units shall be reimbursed according to the provisions of paragraph #5 above. For units taken by a probationary

teacher without written preapproval, total reimbursement shall be at the 50% level as indicated in paragraph #5 for initial reimbursements.

5. Requests for reimbursement, along with appropriate proof of completion with a grade of "A", "B", "C" or "Pass" and a receipt for the tuition, are received by the dates below they shall be paid by the corresponding date.

<i>Received by:</i>	<i>Paid by:</i>
Period 1: September 30,	October 15,
Period 2: April 30,	May 15,
Period 3: July 31,	August 15,

Units completed and grades posted during the fiscal year and not properly submitted to the District by July 31, shall not be eligible for reimbursement.

6. The District will accept tuition reimbursement applications for each Period until the received by deadline, at which time funds will be prorated based on approved amount not to exceed the following totals for each period (with the exception of provisions for remaining end of year balance below):

7. For probationary and contract teachers, units must bear a reasonable relationship to the teacher's teaching assignment, to the goals established for the teacher in the evaluation process and/or in the Continuing Professional Development Plan, or must be reasonably expected to improve the teacher's ability to serve the educational interests of the students of the District.
8. If a teacher receives reimbursement in any year, the teacher will be available to teach for the District in the next year or will repay the amount reimbursed in that year by having that amount automatically deducted from their final pay. In the event the teacher was not available to work the entire year following reimbursement but worked a portion of the year, the teacher will repay the amount reimbursed on a pro-rata basis by having that amount automatically deducted from their final pay.

For example, if a teacher only worked 152 of the 190 contract days and the teacher received \$1,000.00 in reimbursement the teacher would need to repay \$200.00. Leaves from work as provided in Article 27A Paid Leaves shall not preclude a teacher from receiving tuition reimbursement. If the teacher is not available to work the next year following reimbursement due to reasons beyond the teacher's control, the superintendent or designee may, upon request, waive repayment.

9. Temporary teachers are not eligible for tuition reimbursement.

Reemployment for a subsequent year will be based on both parties choosing to enter into an additional one-year contract for employment. Rehired retirees may work for an unlimited number of years on annually renewable contracts, assuming both the District and the retiree wish to continue employment. Rehired retirees will not be classified as "probationary" or "contract" as those terms are defined and used in ORS 342.805 to ORS 342.937.
